

A Briefing of the Message of
“THE MESSIAH’S MISSION”
The Heaven’s Message from the Earth
In the Name of God who is Master of us all

Those who cause innocents suffer are not human beings. They are the progeny of devil though in human outfit.
They have no country, no state and no nationality.

Human are universal. Those who killed innocents in WTC and Pentagon are not of human race. They are diabolic.

The real man are those who unify the mankind to be godly, to serve the creatures of God. This divides the man in races and colors and shades of skins make human brotherhood colorful. Like the flowers make the garden full of heavenly colors.

God has created us to serve Him colorfully with no prejudice. Prejudiced are not the servants of God. We all came to this life after we made solemn pledge in our soul and spirit to be obedient to God.

The models of obedience to God on earth are Abraham, Moses and Jesus. Muhammad came to replay Abraham. Abraham was a fully surrendered slave of God. The act of gratified surrender is called in Arabic ISLAM. Abraham was a MUSLIM. So were Moses, Jesus and Muhammad. But Muhammad was the final.

Moses was not a Jewish, Jesus was not a Christian and Muhammad was not a Mohammedan, like Abraham was not a Jewish or a Christian.

The faithful followers of Moses, Jesus and Muhammad cannot be Jewish, Christian and Mohammedan or they can be conflicting to each other, rather they only contribute and complement each other to be one entity.

The present crisis in the world is not a clash between the followers of Moses, Jesus and Muhammad, and thus Abraham the father of believers in one God.

The present trident of hellish conflagration between three people of Abraham’s family has originated from three Devil’s instigated terrorism. First, when some evildoers terrorized Aaron to deviate from the teachings of Moses. Second, when Jesus came as Holy Spirit of God to bring back the gone-astray sheep of the house of Israel to right path, the evildoers terrorized the messenger of God Jesus. Jesus had to flee away from his home. The evil pursued Jesus to his new refuge hijacked him as an act of terror, and crucified him. This gruesome terrorism has divided the house of Abraham into two warring divisions-Jewish, and Christians- who fought holocausts against each other. As an irony of misdeeds, both the factions have divided the ultimate Messiah in them to suit their mean pursuit. Zionists Jews have taken Messiah exclusively for them, and Christians have perceived resurrected Jesus for them. Both are cherishing the emergence of two blessed leaders of salvation both of whom would only crown their own faction over all others in the world! But the Divine truth is that, only LIBERATOR of mankind would appear to liberate the world of God from all divisions and pluralism.

God sent messengers from the progeny of Isaac and Jacob after Abraham, except Muhammad. Muhammad was the final messenger from the progeny of ISHMAEL, the eldest son of Abraham.

Jesus, the spirit of God was sent to abolish the racial prejudice from the progeny of Adam for good. Jesus was born without a father to remind the mankind the birth of Adam without parents. But he was subjected to be the victim of terrorism and brutality of crucifixion. Muhammad was chosen to finalize the human equality as the final messenger of God. He declared equality of mankind. Only the righteousness makes a man respectable in the eye of God, and so in the eyes of fellow mankind.

Nomadic Arabs, the traders of human slavery, especially the Meccans were infuriated because Muhammad drew the slaves and the oppressed of the Arabian cruelty around him. At last, he had to flee away with his followers like Abraham, Moses and Jesus did.

At Medinah Muhammad raised a contingent of fighters to defend, propagate and establish the message of equality of ultimate human liberation.

The barbarians of Arabian Peninsula were defeated at the hands of Muhammad and his contingent. The final messenger of God felt that his mission is accomplished, and his Master would recall him soon. He appointed on the dictate of God a teenaged successor named USAMAH.

USAMAH was the son of two blessed, oppressed man and woman named Zaid and Barakah.

BARAKAH was a black she-slave whom God appointed to raise Muhammad after the death of his parents.

ZAID was the only companion oh Muhammad who was mentioned in the Koran by God with attributions.

After the lapse fourteen hundred years, the present Osama bin Laden seems to be an implanted agent of anti-Christ to mislead the mankind from the emergence of Messiah, the rightly guided leader of mankind, which is called in Arabic, IMAM AL MAHDI.

On the eve of the death of Muhammad, he wanted a piece of paper to dictate his last wish about the appointment and installation of his successor. But he was denied by the agents of Meccan vested interest. This was the third and final act of terror to derail the revealed path.

After the death Muhammad a dynastic rule was established by Qureish, the reigning clan of Mecca, under the garb of "Caliphate" in dire contrast to the message of Muhammad, the Messenger of God. From this point "Mohammedan and Mohammedanism" emerged.

Muhammad was not a Mohammedan, the true Muslims are not Mohammedans. They are only Muslims like Abraham, Moses and Jesus.

Later, the wars between Arabs and Christians were crusades between the impostors of Jesus and Muhammad. Not between the true followers of Jesus and Muhammad. They cannot fight each other.

The present confrontation is not between the followers of Muhammad, Jesus and Moses.

Ariel Sharon, Bush and Yasser Arafat are not the followers of the messengers of God.

Iranian Sheietes, Afghani Sunnis and bin Laden of Arabia, are the agent provocateurs of Jewish-Christian and Mohammedan hegemony in the sensitive region of Afghan, Iran and Central Asia to ignite the hell-fire in the world.

American has created Khomeney in Iran by implanting Shah as their watchdog.

America and Russia have jointly bred Molla Omar and Osama bin Laden to add the misery in the gateway of India, Russia, China and Indonesia

Americans and Europeans are the progeny of migrants from this area, India.

The leaders of coalition, bush and Tony Blair are welcome here as the peacemakers to re- unite with original family.

If they fire a single shot in the region, I am afraid, they will initiate the holocaust, the graveyard of Devil sponsored destruction.

I am not a Mohammedan Muslim to talk for Khomeney, Molla Omar or Laden brand of Islam.

I am a lone man voicing Noah, Abraham, Moses, Jesus and Muhammad in the world to beacon the salvation of mankind.

I lived in Mecca for nearly a decade to trace the footprints Abraham, Moses, Jesus and Muhammad, on the mountains and valleys, there. Not a single point I could find on the ground.

By the grace of God, I found their message in the horizon, In the light and the air.

I am echoing their voice with a contingency nucleus to guide the mankind to their ultimate destiny.

Noah, Abraham, Moses, Jesus, and Muhammad are our model. Not their pretenders.

I have been blessed with the facts and figures of their kind of leadership. I have found the gear of message of their liberation of mankind from the hegemony of world oppressors.

USAMAH IBN ZAID is the specific example of leadership of mankind to suit the warrant today.

The impostors Osama bin Laden and his counterparts of today, George W Bush, Ariel Sharon and Yasser Arafat are the political mask of devil, with sycophants like Tony Blair and NATO. Iranian Sheites, Afghani Sunni and Arabian terrorist and are the religious camouflage to put the world of faith on the broil of destruction.

The Governments of the Muslim countries are with their Dollar and Sterling lender masters. The masses are overwhelmingly for Divine call of one world, one nation and oneness of God's unity. Once a wrong shot fired, it will only end with deluge. First from Afghanistan to Indonesia, and then, God knows.

For last forty years I'm in search for a solution. As India is the motherland of human inception, and India was divided on religious basis, and Pakistan was cut to its size by India in 1971, I opted to follow the developments in seen and unseen spectrum. Pakistan was established by its politicians

for their political and economic gain with a deceit of religious renaissance. People conceived the religious one more than economic context.

Whenever there is a politico-national crisis, the people look back to their religious origin. Because of the exploitation of the Governments, people see its roots in western colonial connection, which unfortunately goes to Judo-Christian unholy alliance.

Now it reached the climax.

It seemed the twin towers of WTC were standing to witness the double standard of the western might, religiously, economically and militarily. The people, who benefited from this diabolic design, they became more envious to against it.

It's not at all that the champion of the causes of 85% exploited people have destroyed WTC and hit Pentagon.

It is of course the partners of the spoils who have done this dastardly act.

Bin Laden and his Saudi accomplices belong to 15% exploiters, who's Mecca is mostly is USA.

But why the victims of cruel joke are being targeted?

Why the USA and the Europe are the haven of permissiveness and promiscuity? Why Moses or Jesus, or any one of them are not sitting on them to give the ethical mooring to the people who are not the poor of want, rather affluence and wantonness?

Why Clinton and Monica scandal rocks the world? Why Queen Elizabeth's poor family is devastated with unbridled scandals? Why the twin teenaged daughters of W. Bush make news headlines of delinquency?

Why there is no plus standard of induction to morality that must give a proportionate feedback to both the citizens and expatriates who come in contact with affluence with those societies?

Those who lead in material wealth, first, must lead in morality as well. Otherwise they would only spread envy, which resulted the present world crisis. Poor nations must follow the richness of the rich nations spiritually and materially. Or there is catastrophe. It only destroys the fabric of social bonds.

Here I site an example of my own family. I lost my father while I was only 14 years old, as the eldest child of the parents.

As an eastern tradition, I had to bring up my younger sister and brothers. It is apparent from my writings that my family inherently belongs to the ideals of prophets.

My father did not leave for us any means to sail with. Even then by Gods blessings I sailed to shore successfully. My youngest brother went to States after his graduation in Medical Education. There he came in contact with vicious circle and amassed money in a lab. A Jewish attorney counseled him that there is no harm in earning by interpolation of prescription and evasion of taxes.

The attorney got his share and my brother made millions immorally. When the Agency came to know the matter, my brother dodged them and slipped away with his fortune.

On knowing the case from his mouth, I talked to my mother about the sinister act. But my mother and brothers sided with the money, and a righteous family derailed to a point of no return.

I kept on pressuring my brother to wash his stomach from poisons he has taken, and vomit it to serve the deserving end. But he is convinced that there is no sin in Jews, Christians and Mohammedan in cheating each other. That is what he has learnt from his Mohammedan colleagues and Jewish attorney. My brother and his associates are fundamentalists like his Attorney in their respective faith of Plurality.

My brother and his circle are jubilant for what happened in States and Bin Laden is a hero. But my sister is worried for her son living in NY to make fortune like her brother.

Such is the picture all over the world. Who made their fortune in Europe and America, say, Hell to those,” and those who are making or aspire to, say, Long live America for our turn.”

Can such thing produce conducive cohesion in the world?

How to make the tiny habitat of our planet a home of our human family to share the life equally by all members?

Is it possible or should be?

Yes, it is a must. The globalization is our destiny.

But by whom? By divine or by devil’s confrontation of today?

Devils turn is on the brink. One step forward means deluge.

Only an about turn is the solution. No right or left turn will serve the destiny.

Devils term of “Divine and rule”

Has come to end. No more.

Only Divine Unity is to be established.

Who can call for era of Divine unity?

Can a Jewish racist call for that? Shall the rest of races accept him?

Can Christian call for that? Shall other follow him?

Can a Mohammedan call for such a revolution? Shall others pay heed to this?

Never. Because all these factions have disobeyed their messengers Moses, Jesus and Muhammad, and lied and are lying in their names.

And thus distorted their holy images.

The Messengers of God came to preach and practice for one God, one humanity and one world.

A re-player of Abraham’s message is the only option.

Abraham was neither a Jewish nor a Christian.

Moses was neither a Jewish nor a Christian.

Jesus was neither a Christian nor a Jewish.

They were upright surrendered slaves of God.

Muhammad was their follower last Messenger.

Muhammad was neither a Sunni nor a Shiite.

An earthly man with the qualities of Abraham, Moses, Jesus and Muhammad with a contingent of same faith is the need of the day. The world is in thirst like the desert is thirsty for rain.

The moment a leader of universal divine call emerges, the world of innocent masses shall rise in his support like a dawning sun, irrespective of continents all over the globe.

A RED ALERT!

A CAUTION!

A WARNING!

The world is in dire crisis of leadership. America has got no clearly elected president. W. Bush is a hung man as president, as he was hung with Al Gore. His presidency is an obnoxious sign for America's present and future. This disgrace has fallen on junior Bush from his father senior Bush for his unjust war in Middle East, the land of Messengers of God. The Arab Governmental establishments are the stooges of Europe and the US. The people are inherently by faith against western renegacy. America is the leader.

Tony Blair is the most sinister and shameless blower of war-fire. His home is already submerged in the pile of colonial sins. His mother, British monarchy, is devastated by wild sexual maniacity. His sycophant provocative shall push the US under Bush's captaincy to devastation to rubble America, more than the terrorists made WTC.

What is the comparison of rubble of WTC with the rubbles made by the components of NATO coalition in the world by their colonial terror and horror for centuries? Not even a drop in the ocean?

History its debt. It is a must. If honest, pays with simple interest. If otherwise, it has to pay with penalty and compound interest.

While repentance makes repayment simple, arrogance makes rigorous.

Diabolic rules of the world are seems being pursued by God from all the corners of the world to the gate of India,

The terrain of mountainous Afghanistan, to punish, pardon or reward.

The terrorist despots will be punished, the repentant wrong doers shall get pardon, while the unifier righteous will be rewarded,

3.The collaborators of diabolic pluralism in unipolar God's divinity are the devils' establishment on earth. They all divide the mankind in states and nationality, and ironically, that too in the name of God!

Mainly they are divided into two camps. One is Western Developed countries, who were in the past the colonial master of terror and horror. Second camp comprises of those who are undeveloped eastern countries. They are mostly the stooges of their master colonialist for their worldly gain.

The formers are Judo- Christian allies, who were in the past, and at present, are united against Islam and Muslim masses.

The latters are governed by the agents of formers, governmentally and economically. Now the agents of formers, governmentally and economically. Now the Judo-Christian allies are around Afghanistan and its promoter Pakistan. If there was no Pakistan, there would never have been Afghanistan under Taliban rule, the country of Bin Laden's operation.

World's only Heathen huge India is equally against Islam and Muslims, if not more. India is severely rocked by Kashmir insurgency. Pakistan, Taliban and Bin Laden are main accused for that.

Now, the rarest opportunity waits for India to delete Pakistan as a mistaken word from the map.

If US gives a single signal, India would simply jump to do that.

More or less, Russia and China also want to remove Taliban and bin Laden to stop Muslim insurgency in their respective country. Now the so-called northern Alliance of Afghanistan means proxy of US, Europe, Israel, Russia, India and China.

This is the clear – cut belief of Muslim masses of the world in general and, in particular the masses of Afghanistan to Indonesia believe firmly. Bush, by inherent belief or mistake, has uttered, Crusade.

Now it is Crusade, if not more.

The governments of Muslim countries are in dilemma. The people are sure that this polarization is a crusade against their very existence and faith.

In tiny Bangladesh, the crushing defeat of Sheikh Hasina in the recent election is one of the causes that the people think that her establishment is pro-Indian, pro-America, anti Taliban, anti Laden and anti Islam.

The impostor Jewish, Christian and Mohammedan Governments and their religious hierarchy have taught the masses that God is Jewish, Christian and Mohammedan. Not Moses, Jesus and Muhammad are the exponent messengers of God's unity of 'Mankind' in Religion. So, Messiah, resurrected Jesus and Imam Mahdi are three, like Ariel Sharon, George W. Bush and Yasser Arafat, three warring tridents, each to globalize the world in favor of their only faction.

God has shown me more than sixty falls and springs of His earth. He has sent me in one of His most enlightened families of His heaven's light that enlightened family of Abraham, Moses, and Jesus and Muhammad.

As a lone man I tried to persuade Pakistani warmongers to avert the war that disintegrated Pakistan in 1971. But the world hegemony of "Divide and Rule" has prompted their sinister act.

In 1972, I migrated to Mecca to find the missing link of Abraham to re-unite the mankind for globalization. Holding the house of God, I prayed solemnly to eliminate the main culprits of that diabolic act.

I am sure that God has accepted my submission and all the main players of the tragedy were removed from the world with humiliating end.

Richard Nixon of America, Indira Gandhi of India, Leonade Braznev of Russia, Sheikh Mujibur Rahman and Ziaur Rahman of Bangladesh and General Yahya Khan and Bhutto of Pakistan.

While in Mecca, I saw Hasan al-Bakr of Iraq and Shahinshah of Iran, two watchdogs of Russia and America, to play diabolic role in the region.

God accepted the prayer, and the two were removed and replaced two, Saddam and Khomeini, to taste the devils of West some of their nefarious deeds.

For Godly reason, I am deadly against Arabian racialism and nationalism after the advent of final Messenger of human equality and unity in Arabia. That is the reason of God's wrath on them. But the irreversible wrath of God and entire humanity on the Western Christianity of Europe and America for creating Israel, a curse of humanity, and that too in the names of Moses and Jesus, as a crusade against Mohammedans!

This sin has prompted God to create terrorist establishments in Iran and Afghanistan to further emergence of fugitive devil of terror Osama bin Laden to accumulate the criminals against humanity in and around the terrain of Afghanistan, perhaps, to dig each other's graves!

Can any legitimate human deny the fact that the Iranian Shiite terrorists are not the harvest of Euro-American-Eurasian cultivation? Khomeini, Molla Omar and bin Laden are whose corn? Even, is not Pervez Musharraf of Pakistan a product of same hegemony?

Muhammad was never a Sunni or a Shiite, like Abraham, Moses, Jesus were not Jewish, Christian, Catholic, Protestant, Methodist or Adventists.

Now the conflagration is going to happen between the impostors of Moses, Jesus and Muhammad for their own sins, but the innocent follower masses of Moses, Jesus and Muhammad shall die for the sins of their immoral politicians!

The incarnated souls of Abraham, Moses, and Muhammad in me and other like are burning cursing the warmongers like Bush, Tony Blair, Ariel Sharon, Yasser Arafat, Saddam and bin Laden to perish before they push the world in hellfire!

A self-proclaimed buffoon Tony Blair is beating the drum of war to put the world aflame! Britain has become so bankrupt that there is elder to shout at this provocateur and say, "Stop playing with the destiny of mankind?" Is it the way to become a world leader?

How pathetic is the apathy of so called civilized world, that there is none to say in the global theater that, it is not the toiling taxpayer masses that have promoted Ariel Sharon, Ayatullah Khomeini, Molla Omar and Osama bin Laden, to rock the world with terror and horror, it is the dividing devil politicians who have pushed the human family of God to the brink of hell!

On behalf of God and his Messengers Noah, Abraham, Moses and Jesus, I curse the masters of this ruinous game like their predecessors, and call the world humanity to rise above all boundaries put by their inhuman nationalists, and stand for their only God to unify their brethren into one family of Adam and Eve.

In this critical juncture, if we commoners say with repented heart "Amen" then God shall bless us with Messiah.

Otherwise, we will burn in hell fire with Bush, Blower Blair, racist Ariel Sharon, Shiite Khameny, Sunni Molla and Terrorist Bin Laden.

This briefing of Messiah is a summary of a six hundred-page book God has helped me to write like spelling me line by line. This book is my witness statement on the Day of Judgement about my contemporary world and life when I shall stand before my God.

Though the extensive book is in Bangla, the brief dimension of the subject was first written in English. Now the book is under translation in Arabic and Urdu.

The book is not printed for circulation in the market, but thousands of bound Xeroxed copies have been distributed in appropriate circle.

The dawn of this dimension has started beaming in my mind during the Second World War days when the formations of Japanese war planes used to come and we used to hide in bunkers, and as a result British had to quit India, and India was divided into India and Pakistan.

In our Muslim dominated area, Hindu minorities were to take refuge in safer places.

My grandfather and father tremendously helped Hindus to provide safety. But in mother's side, they grabbed the spoils of that tragedy. My formation was absolutely in favour of my father and grand father.

Pakistan was formed. My father contributed to make Pakistan meaningful. But the Bushes and Blairs of Pakistan did not allow to be that.

So Pakistan started disintegrating. Though alone, I tried to safeguard the puritan concept of Pakistan, which went simultaneously against Pakistani warlords and their collaborators, India and their collaborators and America, Russia and Britain and rest of the anti-Muslim hegemony. So Bangladesh emerged in the rubble.

Now Bangladesh is the number one corrupt establishment in the world. Again this poorest country is caught in tangle of two warring women and their bandmasters to lead to what end only the God knows.

I went to Mecca as earlier mentioned, to find out the heaven's link, if human beings are heavenly, other than beasts.

I saw there that the progeny of heavenly mankind are coming to Mecca to perform the Hajj of one humanity
For one god, but in divided in innumerable nationalities governed by beastly rulers, who are the agents of Western permissive pluralism.

Turning from beastly dimension, I set myself towards the heaven's light and guide. Sudden and certainly I got the missing link of my origin and inception.
I saw Koran, Bible and Torah in uniform, in union and unison.

I found Noah, Abraham, Moses, Jesus and Muhammad are milestones of one highway that begins from our Earth. And straight ends to heaven without any curve. At the end there is only inscription, "there is no god, but God". LA ILAHA ILLALLAH, "there is no god, but Allah".

Masses, the common people of the world are the family of God. His family is indivisible. Those who divided this family of God are the prophets of Devil. Divided nationalists and statehood are the religions of Devil and Evil.

The present crisis is Devil sponsored.

The globalization is the destiny now. Or we would perish.

The globalization is the task of Messiah.

The Messiah is a follower of Abraham, like Moses, Jesus and Muhammad. The warring Arabs, Jews, Christians and Afghans, Indians, Pakistanis and their resembles bin Laden Molla Omar and Ariel Sharon are the contingent army of Devil.

America, unlike Europeans was not a colonial hegemony in the past. But was a sufferer under the colonial shackle.

This is very important plus point for America.

America is the only super power in terms of material might.

If America braves the super faith in ONE GOD, of Abraham's root, three billion common innocent followers of Moses, Jesus and Muhammad will join with America abandoning the devils of "Divide and Rule" dawning the era of Messiah, the liberator of mankind by godly globalization.

Keeping in alliance with present coalition, America shall only push herself to the anti-Christ black hole.

Braves are only believe in God. Cowards are not.

Too embraced the faith of Messiah, America must convert herself into " THE AMERICA" .
How?!

She must first correct the abbreviation of her statehood to qualify for the leadership of globalization.

The present USA is United States of America.

It is itself against globalization, anti-globalization.

Messiac polarization, first America must declare a pause throughout the world, and stop war cry in and around Afghanistan forthwith. Declare and enforce a total cease-fire and cease off all kinds of hostility between Israel and Palestinians, until the further declaration. Any party violates the cease-fire, America will go against it militarily. No new racial state is to be created in trouble zone. Rather Arabs and Jews are to live together, if they do not come to the origin of Abraham's faith.

America shall abbreviate USA, United State of America and not United States of America.

By deleting "S" America shall initiate the era of globalization in the name of one God like Noah, Abraham, Moses, Jesus and Muhammad blessed be they, and those who follow them.

This is the e-mail briefing of the message of Messiah I am writing to the global humanity in the name of God, who has intuitively spelt me to write and forced me to send.

Once the message embraced and declared, the hostilities in Afghanistan, Pakistan, Iran, Palestine, Israel and elsewhere in the world shall start diminishing like the salt melts in water, and the atmosphere shall emerge for the advent of Messiah, the resurrected Jesus and Imam AL MAHDI, the rightly-guided leader.

He would emerge from the most oppressed, exploited and the poorest masses of the present richest and poorest extremity like USAMAH BIN ZAID, the God's blessed dimension for today's, torn world.

And the Devil's sponsored provocateurs' hell OSAMA BIN LADEN and his promoters Taliban Sunnism of Afghanistan and Iranian Shiism shall cease to exist.

But the attack by America and her partners of Judo-Christian diabolism has already triggered Armageddon on Afghanistan. This act is an act of Anti-Christ on the masses of belief on Abraham's religion. This has ignited fire in the hearts of belief Muslim masses from Afghanistan to the archipelago of Indonesia at the first instance. But it will engulf the entire Muslim nation of the world. No stooge government of Judo-Christian interest in Muslim world shall be able to contain the masses' outburst.

If the Judo-Christian campaign succeed in killing Bin Laden and ousting Taliban, it will generate the fighting potentials of Muslims as Bin Laden, Molla Omar and Saddam Hussain. All other Muslim rulers will be reduced to non entity. Misconceived fundamentalists will be on the driving wheel to portray Bin Laden, Molla Omar, Saddam and Khomeini.

Installation of "So called broad based government" in Afghanistan shall boomerang on Bush- Blair diabolism.

"British Sinister" Tony Blair is the main culprit of the present initiative of III world war, or the mother of wars, which may cause British hegemony deleted from existence. I do deserve a notice to British nation to bridle their Tony Blair.

Terrorist versus terrorist war has put the world to the brink of catastrophe. As an eleventh hour briefing of the message of Messiah. I fervently appeal all aggressions against Afghanistan be stopped forthwith in the light of the text and texture of this MESSAGE to be blessed with Messianic solution of world problem. Otherwise to get ready for the Deluge.

Things will not settle in favor of bush-fire of Bush and rattle of Tony Blair. It will certainly go in favor of the oppressed like USAMAH BIN ZAID and his father and mother according to the Abrahamic dimension of Muhammad, the parallel of Jesus and Moses. The trident of Ariel Sharon and his proxy W. Bush and Tony Blair shall meet the end in the hands of God's guided leadership of the world very soon, and the protégé of diabolism in the source of upstream of global divine revolution, Iranian Shiite, Afghani Sunni and Ladenian Arabian terror shall go washed through the rivers to the Bay of Bengal and the Indian Ocean, probably by the "Indian Expedition" hinted by the final Messenger of God.

I have given the overt and covert indications with details of problems and the solution on the text and the texture of the Koran, Torah and Bible.

If the war in Afghanistan prolongs and the Muslim masses of Afghanistan, Iran, Pakistan and the adjoining Muslim dominated population rock the region in favor of Afghan people and against American coalition, Parvez Musharraf would be overthrown by his people and the Army, and as an aftermath if Russia and China get the opportunity to do what America did to Russia through Taliban-Laden coalition, to conclude American defeat in Vietnam, and give their weight in favor of the Muslims, shall it not make the body bags of America, a coffin for the US and the last nail on it?

It must be understood by America and her accomplices that the policy of “Bomb and Bread” is most shameful exposure of cruelty and cruel joke with poverty of Afghan people. It means the rich America has come to renegade Afghans in exchange of bread and butter. This will hasten the wrath of God and increase anger and hatred against America and her allies.

Now it is the last and least chance to change the vile politics of multi-face hypocrisy of the West and come with declared repentance and apology, holding Torah, Bible and Koran for their centuries of exploitation of the East.

They must understand that their ancestors were the migrants from the East, most of whom migrated through the passes of Afghanistan when the continents were contiguous.

Now they must come back to their ancestral home of Asia and India through the same passes of Afghanistan with love and respect of old separated dear ones. Not at all, like upstart bastards who would come with bomb and bread to conquer their old ancestry to change them to into wild rusticity.

The Sun rises from the East. Any attempt to raise the Sun from the West means resurrection like the inception of man and human civilisation traveled from the East and the West.

The adventure of Bush and Tony Blair in Afghanistan with bread and bomb is abortive and abhorrant.

Please for God’s sake stop it. Be for Messiah, not for Anti-Christ.

Halt the hostilities, get for embrace and abreast, and not to transgress and aggress. God’s anger and amnesty are still two options.

The count down has started.

After zero is Deluge.

O God, O Lord, O Master, O Allah, I have delivered the message to make Thy world U.S.A. “The United State of Allah”, from the United States of America, who has started war of terror, like those who have terrorized Abraham, Moses, Jesus and Muhammad for their messages, of unity for mankind under Your Sovereign Unity, on the lands of Your messengers in the Middle East and around.

Bless us with Your Messiah, the rightly guided leader “IMAM AL MAHDI” to fight with him against the impostors and their so-called super-power anti-Christ. Amen.

Instruments of Abraham's Faith For Ultimate World Order

On solemn oath I..... declare anew the Faith of Abraham like Moses, Jesus, and Muhammad, peace be upon them, renouncing the Jewish, Christian and Mohammedan cults that have divided the mankind from the original Faith of Adam and Eve.

We declare that there is no god but only God, the Sustainer of the worlds.

We declare further that the mankind is only one without any prejudice. Among us, the righteous is the most respectable.

From now on, we shall only work to unify the mankind to be brethren of one family under the leadership of the one rightly guided LEADER like ABRAHAM.

This is the globalization we stand for.

Our Lord, bless us.

Ameen
