Brother Abu Zafar Muhammad Shamsul Alam is, in known terms, an Islamist. He was a member of the erst while Civil Service of Pakistan, (CSP), and now, is the secretary of the Secretariat of Election Commission. He has authored a good number of Books on our known concept of Islam. Islam the revealed faith is unknown to us. The concocted one is only known to both the fans and the foes.

Brother Shamsul Alam was DG of the Islamic Foundation for several terms, and hundreds of Books on Islam were published under his authority.

As a pleasant surprise, he came to me one day and discussed many things and then left. Again he sent me a letter asking me "What is Islam?"

This is the reply of his letter. His letter is also enclosed herewith.

Islam is the only Religion of the Creator for mankind of His Nature for human development, human rights and human liberty.

Subject : Pillars and Structure of Islam

Revered brother Taha b. Habib

Assalamu Alaikum Wa Rahmatullah Wa Barakatuhu.

What is Islam? It is a way of life and a revealed code of human conduct. It is Seratul Mustaqim or straight path. To the Participant of Tableeg Jamats it is a Jannat made Easy. Following the instructions of Islam, one may very conveniently reach the destination of Jannat.

Our prophet (S) said that the pillars of Islam were five. These are Iman, Swalat, Sawm, Jakat, Hajj. Jakat and Hajj are obligatory not for all, but only for those who are rich and can afford Sawm is obligatory only in the month of Ramadhan.

Iman is more of the nature of basic pillar on which all the activities such as Swalat, Sawm, Hajj, Jakat etc are based.

Whole structure of Islam is based on one foundation pillar rooted to jannat. Unlike worldly structures, the foundation of the house of Islam is not platform, but a foundation pillar.

Amalus Saleha or good deeds are mentioned repeatedly along with Iman. There had been great emphasis in Al-Quran on Swalat specifically and on Amalus Saleha in general terms.

Swalat is compulsory for everyday and for everyone. This is most important of the Amals and there is no doubt about it. Still, Swalat is a pillar.

The house of Islam cannot stand only on one pillar of Swalat, without other pillars of Amal-us-Saleha which include Sawm, Hajj, Jakat and host of others.

Can we build a house on only one pillar or only with one pillar? Our mistake is that we have been emphasizing on the pillars, alone. We are constructing pillars and strengthen those, but our vision do not go or taken beyond. We are not interested in building the house or structure of Islam which is the Islamic Society and state.

As we have only one Islamic Pillar in our everyday life, we are subjected to the fierce attack of Shirk, Nefaq and Kufr from around us and from abroad.

A person sitting near a pillar without any shade, roof of the wall around him, can easily be devoured by the tigers, and leopards.

We do not find true Muslims in our age as there had been in the early days of Islam or during the middle ages. We are crippled morally, culturally, economically by the constant attack of the monster of materialism.

Our limbs are lacerate and torn by the crocodiles of western culture. If somebody lives in the house, he can at least close the door and the windows against the attack of alien values and anti-Islamic practices.

Shall we go on ignoring the need of social structure of Islam? Do we not need economic structure with cultural roof?

Shall we remain satisfied with only Swalat, but without the character and strength in the sphere of Science, Technology, Philosophy, Physics, Statecraft, etc?

Should we not realize the need of complete Islam in our life and build the house of Islam within the structure of Islamic society and state.

How long shall we remain satisfied with only pillars and ignoring the need of complete structure of Islam?

May Allah bless and guide us.

With immense regard,

Yours sincerely,

(A.Z.M. Shamsul Alam)

The Reply

At the very outset I beg refuge to Allah from Satan and his agents among Jinn and mankind. And I humbly begin in the name of Allah Most Merciful Most Gracious.

Subject : Communication of Fundamental Creed of Islam between obedient slaves of Allah.

Peace be on those, who follow the guidance of Allah like Ibrahim and Muhammad. (PBUT).

Respected brother Shams Al Alam. (Solar Shine of the World).

- 1) Islam is the Nature of Allah on which He has created everything.
- 2) Mankind is His Khalifah on earth over all creatures, to live and lead according to his Nature only
- 3) Prophets are the front row of the Muslim Ummah. They have to follow Islam as models for others. They don't have, and can't have, different Ummah in their names.
- 4) They are chosen by Allah on their quality as messengers, not they are born as Prophets. **اللَّهُ يَصْطَفِي مِنَ الْمَلَائِكَةِ رُسُلًا وَمِنَ النَّاسِ**
- 5) Allah has revealed Islam for mankind as composite and complete institution, and begun introducing it through Ibrahim and completed it by Muhammad (s) as the last Prophet. They are the followers of Islam, not the introducers of it.
- 6) Ibrahim is the first revealed Imam of Islam and Muhammad is the last.
- 7) Ibrahim was chosen Imam by Allah after a complete chain of trials and examinations. Muhammad(s) has replayed it for the last and final round as model.
- 8) Islam has 5 pillars of faith, 5 pillars of practice of faith, Aámalus Swalehat, and 5 pillars of Taqwa.

Five pillars of Islam are: 1) Faith in Allah without Shirk.

2) Faith in Angels.

3) Faith in the Books of Allah.

4) Faith in Prophets, and

5) No distinction among the Prophets.

Five pillars of practice of faith are:

- 1) Faith in Allah without His partnership.
- 2) Establishments of Swalat in form and meaning.
- 3) Payment of Zakat that includes Khums of gains and percentage of hoarded capital.
- 4) Sawm of Ramadhan, and
- 5) Hajj, the pilgrimage to Makkah under the strict leadership of the kind of Ibrahim and last Prophet Muhammad. Not a journey to Makkah as being done now.

9) Muhammadans are not Muslims, like Jews and Christians. Muhammad was not a Muhammadan, as neither Moses was, a Jew nor Jesus a Christian. All were none but Muslims. Distinctions among Prophets are the origins of the cults like Zionism, Christianity and Muhammadanism. These are not religions, cults.

10) The 5th pillar of Islam, the "No distinction between the Prophets of Allah", is of pivotal importance in Islam laid by Allah, by conceiving and then making distinction between Prophets that destroys the bottom of the basket of faith the very base of Aámalus Swalihah. Muslims after the era of last Prophet and his true followers have turned their faces completely from the Qiblah or direction set up by Allah through Ibrahim and Muhammad, peace be upon both of them. The concocted talks of so-called Muslims about our last Prophet (s) that Allah has created the universe because of Muhammad; Muhammad was a Prophet while Adam was in water and clay. Noor of Muhammad was created before the creation of everything, the repentance of Adam was accepted after Adam prayed through Muhammad, and alike are the revelations of Satan to his agents on earth to turn the Muslims away from Islam and to make and establish a falsehood in the name of Islam. After the assassination of Hazrat Ali, the remnant of the ideal of the last Prophet of Islam, the Arab impostors needed these satanic ideas as an anesthesia to turn Islamic Ummah into a diabolic despotic nation under the garb of divine faith. In this sinister process of transformative operation, the voice of Abu Dhar was the signal of danger, and killing of Hussain, killing of the veterans of Al Badr at Harrah, mass rape in Madinat Rasul, desecration of Prophet's mosque and burning of Kaábah by Yeazid was the finishing of Prophet's taught era.

11) Islam runs by the leadership of Imam, which Allah installed by His Khaleel Ibrahim and sealed by His last messenger Muhammad. This Imamah was continued after Prophet's death by Abu Bakr in full, by Omar lesser than Abu Bakr, by Uthman in a shaky condition, and Ali's period was the attempts of salvage of the sunken Ark. Ali's endeavour failed due to deep root of Arabs in Kufr and new conversion to faith.

12) The Imamah of Islam was suspended after Ali. It was kept in abeyance during Muabiya, for an acid test for the remaining Muslims worth its name, and it was

"Nayed" totally after Yeazid was installed in Damascus, and Mecca and Madina went under the feet of Umayyad and from them to Abbasside impostors.

- 13) The last Prophet categorically instructed his followers not to ornament and decorate the mosques, the houses of Allah, and said the believing nations in the past, especially the Jews and the Christians were cursed for ornamenting and decorating their prayer houses. Umayyad and Abbasids did what the Prophet prohibited. Those impostors first made mosques lavishly decorated and then built palaces outspending the Caesars and Chosroes of Roman and Persian Empires, thinking perhaps in mind bribing Allah in mosques and confusing the Muslim masses in both mosques and palaces.
- 14) Umyyah mosque in Damascus and alike in Spain, in Baghdad, Turkey, Samarkand, Bokhara and in India and other places built by those despots and impostors are not the mosques of Islam. Allah has strictly ordered his last Prophet in Quran not to stand in those so-called mosques for prayer in any circumstances.
لَا تَقُمْ فِيهِ أَبَدًا ۖ لِمَسْجِدٍ أُسِّسَ عَلَى التَّقْوَىٰ مِنْ أَوَّلِ يَوْمٍ أَحَقُّ أَنْ تَقُومَ فِيهِ
- 15) Expeditions and conquests that Arabs did after uprooting the mission of the last Prophet were not at all for the spread of Islam. But were absolutely for amassing wealth in the name of a new cult, "Arabian Islam", as the Arabs were the poorest in the world, and got an opportunity to rule and plunder.
- 16) The Dynastic Rule of Ottoman Turks and Mughals and Pathans in India were true copies of Umayyad and Abbasside rule of dynasties, and they were equally impostors in the name of Islam.
- 17) Palaces and monuments they made like Alhamra, Tajmahal etc., can never be built by any person who has the faith and belief of Ibrahim and Muhammad.
- 18) The fall of Arabs in Spain and Baghdad in the hands of Christian Crusaders and Halaku Khan, was not the fall of Islam and Muslims. But was the punishment of Allah as promised in Quran.
- 19) The present Muslims and Islam has nothing in common with the mission of Syyeduna Ibrahim and Muhammad (s) were sent for, Rather this is a cult in the name of last Prophet (s), like Zionism and Christianity in the false name of Musa and Jesus. Our ulamas are the true copies of Jewish Rabbis and Christian fathers. سَمَاعُونَ
لِلْكَذِبِ أَكَّالُونَ لِلسُّحْتِ
- 20) Jews were cursed because they made two partners with Allah, Uzair and the calf for worship as a grievous sin. Uzair + Calf + Allah = 3, a Trinity of Jews.

- 21) Christians have gone wrong by making two partners, Mary and Jesus, with Allah. Mary + Jesus + Allah = 3 Christian Trinity.
- 22) The last Prophet Muhammad (s); was sent to bring and establish the Tawheed again to its origin. But after the death of the last Prophet, Arabs have gone farther away than Jews and Christians. They first divided Islam into two, Sunnism and Shiaism, and then both have gone for six partners, double of Jews and Christians. Sunnis made six, if not more. They added 4 Khalifas to obey with Allah and His Prophet (s); 4+1 (Prophet) + Allah = 6. Shias have made Ali + Fatima + Hasan + Hussain + Prophet + Allah = 6. So the present Muslims are cursed doubly than Jews and Christians.
- 23) Allah forgives all sins, but not the Shirk at all. The so called Muslims are now the worst kind of Mushrik, among the people of academic faith. So Allah made them under the feet of lesser people in Shirk, Jews and Christians.
- 24) No Aámalus Swaliha can be conceived without pure Tawheed, as reformed, practiced, established and then sealed by the seal of Prophets, Muhammad (s). And Allah said to His last Prophet. "O, Muhammad, if you would make any partner with me, your all "AMAL" will be destroyed, and you will surely be among losers. This is what I exactly revealed to all Prophets before you". (Zumar - 65).
وَلَقَدْ أُوحِيَ إِلَيْكَ وَإِلَى الَّذِينَ مِنْ قَبْلِكَ لَنْ أَشْرَكَتَ لِيَحْبَطَنَّ عَمَلُكَ وَلَتَكُونَنَّ مِنَ الْخَاسِرِينَ
So, what amal you meant in your letter to me with all the SHIRKS you are sunken in, my dear?
- 25) Umayyad and Abbasside impostors, after they robbed Islamic Khilafah, they did three satanic deeds at the very outset.
- i) Absolute power in the hands of rulers.
 - ii) Interpretation of theology in the hands of paid class of Mollas to divide the society.
 - iii) Ghost spiritualism in the hands of a group of people to sterilise the Muslim society from manhood.
- 26) With these three pillars of Shirk, the despots of Umyyas, Abbasids, Ottoman Turks, Mughals and Pathans, have done the job of Iblis on earth and made the Muslim masses of the world nearly dead of their main mission for which they were raised by Allah, and taught by His Prophets.
- 27) In this very critical juncture, the Muslim Ummah is destined to either total revival or total burial.

- 28) Half a century before, Satan had a unique idea in his brain to further divide and cause deviation and perversion in the fallen Muslim masses. (Keep in mind that all these decadence in Muslim masses came because of the absence of Imamah and leadership of the kind of Ibrahim and Muhammad). Satan had the idea to raise the concept of Muslim Nationalism in the minds of Muslims. He divided first the Muslim world into two, Arab Muslim world, and Indian Muslim world. To infuse and spread this nationalism in Muslims, Satan chose two agent-provocateurs. For Arabs, Calf worshipper Jews, and Cow worshipper Hindus in India for Indian Muslims. Jews pushed Arabs to the extreme corner of Arabianism out of the lock of Islam, and then fetched them finally in the net of Jewish grip. Now, Arabs have got to be freed only by a non-Arab Islamic Imamah.
- 29) In India, Satan has set up two traps, to lead the Muslims of India to deluge. Trap No-1. Islamic politico-nationalism. Here Satan by his agent Provocateurs, Hindus, started preaching extreme Ram-Raj anathema against Muslims, to push them to the extreme corner of Muslim Nationalism. To confuse Muslims further, Satan chose three ABULS and two AZADS, to drive Indian Muslims with the futile Islamic political activities to an utter end of frustration. Abuls are, Abul Kalam Azad, Abul Ala Moududi and Abul Hashem. And Azads are, again Abul Kalam Azad, and Azad Subhani.
- 30) Abul Kalam Azad Prickled the Muslims of India by his sharp pen to rise for revival under Islamic regeneration. Moulvis of rigidity and ignorance of India did not accept his leadership, as he was not a blind and ignorant as they were. Because of lack of perfection of amal in personal life, Azad could not remain steadfast on his stand. Rather he was shaken and ultimately was floated to the raft of naked Indian nationalism and became the president of the Congress.
- 31) After Abul Kalam's disappearance, Abul Ala appeared. He too with a mighty pen and weak meditation that leads a soul meets and unites with his Master, Allah, and becomes a sign and a manifestation of the desire and pleasure of Allah on earth. Attainment of such stage and quality is a must to get IMAMAH of mankind on earth. This is the Sunnah of Allah, which has no change or alternative. Prophets were chosen on this built-in criterion. Now at the finishing stage of the world, when Prophets have stopped coming, the IMAM of guidance (IMAM AL-MAHDI) and his key followers shall have composite qualities of the Prophets and their integrity only without the name and attribution of Prophet. Abul Ala came with more clear and clarion call against the concept of nationalism in Islam. But due to his lack of above mentioned attainment, he fell prey in the further more fragmented vicious circle of Pakistani Muslim nationalism. Now, his party in both Pakistan and Bangladesh is completely a confusing imposture, and a stumbling block in the way of emergence of any real Islamic overture.

- 32) Abul Hashim appeared with a sort of intellectual approach on some aspects of Islam in the arena of Bengal. He himself was a confused person, and infused further confusion in the society by his personal life and appearance Islam is a creed, a practice and a body of colourful Divinity.
- 33) Two Azads, Abul Kalam Azad and Azad Subhani, through confused concepts, expressions and deeds, have misled a good number of promising emergents of the Muslims of India in general, and Muslims of Bengal in particular, like Abul Hashem, Abdul Hamid Khan Bhashani, Badruddoza, and a host of young enthusiasts, who later parishad in the squib of Khilafate Rabbani Party in East Bengal, Now Bangladesh.
- 34) Allah has a sunnah of His Own, to make man next to Him. There is no short cut way in His Sunnah. To reach up to that destiny, a Mumen of real terms has to pass through the stages, conceptual, technical and then perpetuity. The third and final stage of perfection and perpetuity leads a man to "Liqā-I-Rabbihi", or meeting and seeing Allah everywhere. Without this, no one qualifies for His IMAMAH, which was and is, destined for us through IBRAHIM.
- 35) Our Abuls and Azads could only reach up to conceptual and technical stages somehow. Then Satan, the challenger of our Khilafah and Imamah of mankind on this earth had blocked their way to reach the final and precision stage. To remove and override Satan's blockade, the only instrument is Ihsan. (احسان ان تَعْبُدَ اللهَ كأنك تراه). Satan comes at this stage to derail us by all means he can.
- 36) Shaitanur Rajeem, after pushing Arabs to a blind corner, and misleading our once promising Abuls and Azads, pushed the simple Muslim masses of India to an utter state of frustration. Because, after the fall of Mughal rule in India and decaying of British occupation, the Muslims of India were dreaming a comeback of Muslim era again, either in Mughal pattern or in Khilafah-like way, under the leadership of any of Syed Ahmad Brelvi Siphai Mutiny, Shaikhul Hind Mahamudul Hasan, Abul Kalam Azad, Abul Ala Maududi etc., But none emerged up to the expectation. This made the dreaming Indian Muslims totally dismayed and frustrated.
- 37) In this critical juncture, Satan has made his final and most dangerous trap to bury Muslims of India beyond any scope of rescue, with a very pious and heavenly coffin with inscription on it "Direct service to paradise, no need of any struggle or Jihad to establish Khilafat of Allah on earth, for which Adam was raised and sent. Anybody enters into this coffin; he would go to heaven undoubtedly". This coffin is Tablighi Jamat of our time, which says that all the activities of establishing the Deen of Allah, Islam, and His Khilafah on earth is Fitnah.

- 38) By Allah, they are the worst kind of Fitna for believing men on earth, and their so-called amals and "Fadaele Amal" is not Jannat Made Easy. Rather this is exactly what Satan adorned made-easy to push the innocent and ignorant Muslim masses to "Fools Paradise" which is Jahannam.
- 39) No Aámali Swaliha is acceptable to Allah without correct basic pillars of faith. Satan has prompted the concept of this Tabligh on the basis of denial of Khilafah on earth. Jannat is never the prime aim of believers.
- 40) The main aim of believers is to earn the pleasure of Allah. When He pleases, His kingdom is for His beloved slaves. There are precedence that a man accepted the faith in truest sense and joined the struggle for establishment of Allah's rule on earth with the last Prophet and got Shahadah and went to heaven without performing a single ámalus swalihat, without saying a single prayer and fasting a single day. Hadhrat Ali, Hasan and Hussain got married with three daughters of a man named Imrul Qais Ibn Adi, who just accepted the faith and did not say a single prayer, and fast a single day then.
- 41) The Swalat without that kind of faith is termed by Allah as mockery and farce in Quran. The concept of the structure of Fadhaili Aamal of Tablighis are a composite and packaged deal of Imamush-Shayatin Iblis, be curse of Allah on him and his agents, to completely divert the Muslims from Siratul Mustaqeem to Siratul Jaheem.
- 42) At the initial stage, it may be that Moulana Ilyas was sincere in his purpose. But very soon Satan adorned his wrong idea, as powerful Satan did not spare the last Prophet (s); also to take the chance. While Satan fails with prophets and their perfect followers, he succeeded with Ilyas and his alike simple souls. But after the departure of Ilyas, the leadership and hierarchy has fallen in the vicious circle of Satan, and now leadership of Tabligh is a Satanic Cult and general Muslims of India, Pakistan and Bangladesh are the prey.
- 43) Satan the cursed, after dislodging the Imamah and the main purpose of Hajj in Mecca, he has chosen Dacca, to be the other end of his sinister trap against Muslim Ummah, and established a Satanic Hajj in Dacca as against the Hajj of Ibrahim Al Khaleel in Mecca.
- 44) As promised by Allah, the final success and victory will be His and His Prophets. (كَتَبَ اللَّهُ لَأَغْلِبَنَّ أَنَا وَرُسُلِي) The days are numbered for Satan and his cult, Hizbush Shaitan. (Sura, Al Mujadalah). Dacca will be the point boomerang, the first leg of campaign against Dajjals, and shall only stop at Mecca on first phase, and then spread the Deen of Allah all over the surface of earth in second hand final phase

under the Imamah of one united Imam of Muslim Ummah, who shall have the support of Syeeduna Eisa Ibn Maryam in his expedition against Christo-Jewish world. Insha Allah. Time is drawing in electronic speed.

- 45) In Arabic Mecca means severe jolt, and our Dacca also obviously means jolt. This poor self is seeing clearly that Allah has set up a mechanism of His Own "Qudrat" to completely destroy all man and Satan-made equations and its remnants on the earth.
- 46) The only need is now to prepare a HIZB of a bunch of individuals, who only, only and only believe in letters, meaning and spirit of Ayat No. 285 of Surah Al Baqarah, and sell them to Allah in the hands of an Imam, a living example of the Quran. The chorus, the only chorus shall be "We make no distinction between one and another of Allah's Messengers". Be it Noah, Ibrahim, Moses, Shri Krishna, Mohavir, Buddha, Jesus or Muhammad, Alaihimus Salaam. Prophets Alaihimus Salam, from Adam to Muhammad were sent to unify the mankind under the umbrella of Tawheed against the disintegrating diabolism of Satan. Distinction among the Messengers of Allah is the seed of enmity and rivalry in the ranks of people of Books.
- 47) Islam is the Religion of Allah for entire world and entire mankind. At this stage, it shall have no appeal if it has the colour of any race, region and prejudice. Sectarianism of Mazhabs are malignant growths in the body of Islam. This has to be shunned at the very outset of planning to start an Islamic Movement worth its name.
- 48) There are three kinds of Hadiths that Islam is conceived to be based on.
- a) Ahsanul Hadith, the words of Allah, The Quran,
 - b) Adnal Hadith, the words of last Prophet (s),
 - c) Asharrul Hadith, the false and fabricated traditions in the name of our last Prophet(s).
- 49) Islam, the Religion of Allah is completely confined within the two brackets of No. i. and ii. Kinds of Hadiths. Allah Himself has named the Quran as Ahsanul Hadith. The true words and sayings of Prophet are the necessary commentary on implementation of Quran. Any word that not only exceeds the limits of Quran, but touches the fence, is not the word or saying of Prophet(s).
- 50) Sects, Shieáh, Sunni, Mazhabs, Arab, Ajam, Syyed, Quraishi, Hashimi, Makki-Madani concepts and four tariqahs of Peerism, and of late, the most dangerous Jamat of Tabligh are the products of Asharrul Hadith, Turk and Mughals have manufactured through their paid Muhaddethins to serve their purposes.

- 51) Paid leadership is inconceivable in the Deen of Allah. The worst kind of Haram in Islam is to lead or serve the cause of Islam in exchange of any pay or salary. As a contributor to the Baitul mal, needy Imam can accept subsistence from Baitul Mal like other fellow Muslims. No Swalah behind paid Imams and Mollah's is legal in Islam. Salary and pay in religious services paves the way of vicious vested interested circle. Islam totally shuts the door of diabolics. People fallen in this vicious circle are the worst kind of adversary in the way of emergence, spread and establishment of the Rule and the Khilafah of Allah on earth.
- 52) Leadership and the cadre, and Hajratjee and Amir System of Jamate Islami and Jamate Tabligh are the two most sinister parallels that have narrowed the space of Siratul Mustaqeem from both the sides. If the rapturous overture can be made on the Sunnah of Allah and the living example of the Prophets lives, especially of five "Ulul Azam" among them, then there shall be Noah's deluge and surge on the surface of this earth, and then in Bangladesh, India, Pakistan and in adjoining areas, the second rankers and below, of both Jamate Tabligh and Jamate Islami will join the main stream. Before that stage, the vested interested Tablighi and Jamati leadership shall continue to be the road blocks for any launching of Islamic movement in the sub-continent.
- 53) People who dream to be dedicated for the last and final triumph of Islam on earth, they must make meaningful "Hijrah" in their personal, family and national life. First they must begin from their self and the family. The loveliest example is Syyeduna Ibrahim's encounter with his father, as it is mentioned in Surah Maryam, Verse 41-50.
- 54) In family life none of believers should bear the burden of donkies. Family members who do not agree with the bread earner in his Creed, both in letter and practice, are the worst kind of cruel human being. If you become old and on the verge of collapse bearing their burden, they will not come to off load your burden, and bear your burden themselves. Rather, they will try their last chance to load one more burden on you before you die, as they did not subscribe to your ideal, they shall have no sympathy for you as their guardian and mentor.
- 55) If you raise a family of members, who subscribe, love and dedicate themselves for the ideas you believe, and brought them up for that, they will off load your burden on their shoulders, so that you can guide them further to the ultimate success. Such are the family members of Allah's real servants. For such "AHL" Ibrahim, our ideal father, prayed to Allah. They are the real Sadqah-e-Jariyah, for this world and that world. Since the age of 13 only, as an orphan, I bore donky's burden for 30 years stupidly, thinking my wards on myself. But they made their way by measuring me with their own yardstick.

- 56) Thanks and praise be to Allah, He has kindly brought me up to this stage of my life by His sole and whole gift more than what He has mentioned in Surah Al Doha about his special blessings to His most loving last Prophet(s). This poor creature is yet to find the reason, why He is so kind to this "nothing".
- 57) Allah took me to Makkah for a period of a decade. This Makkah or Mecca is a place on earth to give jolt to Adam and his sons. This jolt made Adam repented and again set him for Khilafah on this earth and Jannah in other world, jolted Ibrahim and made him the ideal and model father of Prophets, and jolted an unlettered, uncared and unnoticed orphan shepherd Muhammad and set him for highest Ascension to the Sublime Throne, the Arsh Al-Muálla. This is for the souls that run for divine destiny. But for diabolic and devilish souls this jolt pushes them further to the certain brink of hell, as it was for Abu Jehl, Abu Lahb and Abu Sufyan, and their alike, at that time, today and in future.
- 58) This poor orphan, whose father, grandfather and grand grandis were the ardent travellers of the path of Sunnatullah or the way of Allah with no diversion, reached the destiny of Mecca from Dacca. My life in Dacca was a manifestation of searches for salvation and survival on strict ultimate truth. So my journey from Dacca to Mecca kept on jolting me till I reached the mountains of Hera, Thaur and Abu Qubais. In the planes of Mecca and Madina I found the traces of Adam and Eve, Ibrahim and Heger, and Muhammad and Khadija were removed by Satan and his followers on earth, Nemrud, Abu Jehl, Abu Sufyan, Yeazid and their progeny Al Saud, and the structure and buildings around Kabah and the Mosque of last Prophet (s) are turned as the centre of diabolism in the name of Islam.
- 59) Then I set my poor self for the vallies and mountains to find out the footprints and traces of Ibrahim and Muhammad (s) to re-link myself with them and to say truly, and stand in Swalat face to face with Allah in accordance to His order "Stand like Ibrahim in Swalah". It is Allah, Rabba HázáI Bait's, sublime blessings that He kindly erased the traces of impostures of Umyyas, Abbasids, Turks and Mughals in the name of Islam from my soul and existence, like He cleaned Abu Bakr, Ali, Abu Dhar, Ammár, Ibn Másúd, Zaid, Suhaib, and relinked me with the missing links of "Millate Ibrahim and Muhammad (s)."
- 60) After getting the missing link, I started the Swalat of "Maqame Ibrahim" around Kábah, and stopped saying Swalat behind the paid servants of Al Saud, the proxy of Zionism and Christianity in Mecca and Madina. At this stage I came in contact with people who live in Mecca and Madina, but not in Saudi Arabia, they are the Muslims of the kind that they are neither Sunni nor Shiyá, they love and respect Abu bakr, Ali, Umar and Uthman, but do not follow them, they only follow the Prophet. They respect Malik, Abu Hanifa, Shafiyee and Ahmad Hambal for their contribution in

understanding the Qurán and sayings of Prophet, but they are not Maliki, Hanafi, Shafiyye and Hambali. Their conception is so clear that they believe the rules after Ali Ibn Abi Talib, both Umayyad and Abbasids are return to Jahilya after Islam. These people and their families are preserving some horrifying details of atrocities committed by the invaders on the inhabitants of Mecca and Madina. They preserved these stories in goat and camel hides and kept them as documents to tell real truth. They believe firmly that real Islam shall once come to Madinah again in the shape and form that the last Prophet (s) established. They are confidently waiting for that, saying that the time is very near. Some believe that the present Al Saud are the last Dajjalic ruler on Mecca and Madina as they are from Najd, and particularly from Yeamamah, they place of Musailamah al-Kazzab.

- 61) As my stay in Mecca and Madinah was for the sole purpose of seeing things with insight and prepare myself for my return journey to Darul Akhirah, I was almost lost, and lived there leaving my family in Bangladesh. I did not feel how one decade passed. I was never doing any job there, I passed my life there begging and crying to my Allah, Who made me yeatim at the age of only 13, and my father did not leave one taka even for us, but the entire burden of mother, three brothers and one taka even for us, but the entire burden of mother, three brothers and one sister with nearly one dozen children was on my shoulder. No relation came with one time meal for us. To try me further, river Meghna devoured whatever little land we had including the house and the grave of our father. Above all, the condition of Islam and its Ummah at home and abroad, and particularly the heart breaking sceneries of sacrileges that Kuffar also did not commit during Jahilyah, I was seeing and witnessing in Mecca and Madina during Hajj and Umrah pilgrimages. On another scenario, I was witnessing a host of so called Islamic scholars from all over the world were selling their "Akhirah" in exchange of petro dollars in Rabita and OIC. The Known agents of World Christo-Jewish lobby were running the show, while the Khademul Haramain was playing the patron. Such heart rending events some time used to make me lost, and I used to go to those souls I mentioned above. They used to share my grief, and console me saying, "They are Kha-inul Haramain and servants of malefactors. Such grueling situation led me to be more nearer to my Allah, the Giver of Rooh, and ultimately I gave up myself to Him completely, and I got mental peace and a state of calmness and insight. Alhamdu Lillah.
- 62) Since then I am seeing and feeling that wrong things and wrongdoers are heading towards a crushing end, and the finishing of our life in this world, insha Allah, will be very pleasant.
- 63) Now we need a real Tawba, then renewed Imán and the practice of last Prophet, and none. I did "Tawbatunnasuha", renewed Iman on its pillars and set for Amalus Swalihah, and promised to live and die remaining steadfast, holding kabah, and then holding the Mosque of Prophet with a group of selected souls at odd hours of night.

We all promised to Allah that we shall prepare ourselves and the members of our family to be the army of Allah and spend for this cause whatever we have and shall earn. We shall not accept any help from anybody who does not integrate himself in the way of Allah wholly.

- 64) Till then I used to remit a portion of my earning for my family and brothers thinking them piously that they would be the promoters of my cause, and by the rest I used to serve the guests of Allah at Mecca. But after above mentioned promise, there has been decision that we would spread throughout the world in our respective countries and prepare our houses to be centers for our mission, as the existing Mosques and so-called Islamic centers would neither be allowed for our mission nor those are acceptable to Allah as are founded on Shirk, Nefáq and Kufr, are controlled by Taghoots and their proxies. It was also resolved that none of us would accumulate wealth, as Allah has forbidden that.
- 65) Accordingly I came back. But I was grossly mistaken to think about my brothers that they would follow me as I brought them up solely from their very childhood with all my love, affection and sacrifice. I measured them by my yardstick and they measured me by their inches. The job I entrusted them with, they did mess of it beyond repair, because of the obdurate disloyalty. They caught this vice because of their one time association with Jamaat's Chhatro Shangha, which is now Chhatro Shibir.
- 66) Disloyalty and worthlessness of three brothers who were like three quarters of my body, had stunned and shocked me that it took me years to recover. Do you have brothers or sons in faith? It is a must. Ibrahim, Noah, Zakarya and the mother of Mary prayed to Allah for such sons, while Moses and Muhammad wanted such brothers in Aaron and Ali Brothers and sons in the way of Allah (Fi-sabilillah) is of prime necessity. The last and the seal of Prophets (s) tried such son in Zaid and brother in Ali and Usamah, though he gave his daughter to Ali in marriage. Islam, the Faith and the Religion of Allah make its follower more integrated brothers than the brothers in blood.
- 67) Here lies the difference between Imáni and Rabbani concepts. The Khilafah of Allah in the earth, is the Khilafah of Imán, not of Rabubiyah, or Rabbani. We all play the role of Khilafate-Rabbani or Rabuby in our families. We care and cater our wards and children with all conceivable sacrifice and services. But they do not grow as the successors of our faith and promoters of our mission. Rather they become worst kind of adversary for our this and that world. So the Khilafah of Allah on earth is of Khilafah of Imán, not of Rabubiyah. Economic, Technological and Scientific emancipation that provides all the necessities of subsistence, never make Khalifah on earth, rather it makes Taghoot and despots on earth, as we see in so-called advanced countries. But a Khilafah of real faith and Iman makes a poorest nomadic blood-

thirsty people, a prosperous people in the history. But again when they opted for economic and technological "Rabubyiah", they turned themselves "Arbab" in the place of one Rabb, Rabbul Alameen, and gradually and ultimately they are lost to the domain and domination of satanic materialism that made the modern men tax-slaves and women sex-slaves.

- 68) Islamic economy and Islamic Banking is inconceivable in un-Islamic society, as legal children are inconceivable before the marriage of a couple. This is Jewish concept that Satan has prompted to develop economic communities in the name of cults. "Alhakumut Takathuru Hatta Zurtumul Maqábir" is the destiny of such initiatives. Do you think Allah lied? Agha Khanis, Bohra, Bahais, and Qadianis are such economic communities in the fold of Islam, and another is in the offing that is Jamaáte Islami in Bangladesh.
- 69) "Allah had sent Muhammad as hadi, Guide, not as Jabi, money maker and tax collector". Money making concept in Islam got its way during the period of Umyyad Khalifa merchant Uthman Ibn Affan. He and his brother in law, merchant Abdur Rahman Ibn Auf opened the door for front line Quraishis like Talha and Zubair to be great money makers which made them so much involved in money making that, they could not rise to the occasion to side with Ali to correct the wrongs, or join Uthman to assist and salvage him and the Islamic Khilafat from disaster. Economic ease and slug had distorted the very fabrics of Islamic bond to that extent during Uthman that after his departure Ali could not bridle the mad horse with all qualities he inherited from the Prophet (s). Ali was the victims of influx of loose money, because he set himself to bring discipline in Baitul Mál, like that of Prophet's time and the times of Abu bakr and Umar. Abu Dhar, Ammár and Ibne Másood had raised the alarm to bring economic discipline back, or to perish.
- 70) In the minds and the eyes of Meccan Mushriks, especially Quaraish, the Prophet hood of Muhammad (s) was thought to be a plea to grab economic and political leadership. So was the belief of Abu Sufyan, Raees of Kufr, and Abbas, Raees of Money lenders. Taking the advantage of Uthman and his family member's money making, the son of Abu sufyan, Muabia messed money in Damascus to dislodge the Khilafah of Islam and turn it into a family monarchy. Money at that stage made the way to do away with Islam and paved the way for the progenies of Abu Sufyan and Abbas, to establish two tyrannical family rules of Ummyyads and Abbasides in the name of Islam to push us to the worst end of the people of Books, Jews and Christians. Unless we turn a 'U' of real Tawba, Allah will omit us as a mistaken word and raise another people for His Khilafah.
- 71) My dear, I believe beyond any doubt that as D.G. of so-called Islamic Foundation you tried with all sincerity to promote a group of people whom you believed to be Islamic minded from Tamaddun and non Tamaddun alike by publishing their books to

help them towards economic solvency, so that they emerge as a potential force for Islamic resurgence. Now, would you please tell me solemnly, can you name me ten persons only out of those hundreds, if not thousands, who can be picked up to be entrusted with any job and assignment of Taqwa ? I am sure you cannot, rather, the money, or the economic help you have provided them with, that has pushed them away further to be men of any credibility. People, who served under you, were and are not fair in their financial dealing. You could not establish economic discipline in an organisation known as Islamic, and in its working force. Our so called Islamic people have apparent Iman and superficial Amal, not Amalus Swalehat. Because Iman shows a man the way to salvation, Ilm of Iman leads the way and Táqwa delivers him to the destination. After Iman, the Quranic Ilm or knowledge is the guide towards destination and Táqwa is the guarantee to destination. Táqwa has its colour in Iman, colour in Amal and its dress and addresses. The so called people of Islam of our society, Ulamas, Jamatis, Tablighis and so on, live with their families and family member. Who are the bad examples of Islam, if not the enemies of Islam? Because the Islamists who head the family and earn the bread for its members, mostly have a professional Iman without Quranic Knowledge and Táqwa. A life-given faith in Allah like Ibrahim and Muhammad (s) leads to the knowledge of Qurán, and then Qurán acts as "Hudallil Muttaqeen". True followers of our last Prophet used to say "We were taught Iman before we were taught Qurán". After true Iman, the Ilm or learning of Qurán makes a man deep-rooted in faith, who's root goes deepest in the earth and the branches of Ilm spread in the sky, then he becomes a "Tyeeb", and Allah accepts only such Tyeebeen for His Imamah on the earth like Ibrahim and Muhammad and their true copies, and true followers. Others who claim Iman without that quality of Ilm and Táqwa are termed by Allah in His Book of Knowledge as Khabees or Khabiths as they are shallow in faith, knowledge, conviction and commitment. Quran terms weeds as Khabith as its roots are shallow and branches do not go high. So the believers of weed's nature shall never be chosen by Allah for completion of His Mission on earth. Economy is a fragment factor of Khalifahs of Allah, not a decisive one.

- 72) The "Taqwa factor" is the decisive one for Allah's Khalifas in the past, and in the future as well when Mahdi shall emerge with his followers. His duty with Syeduna Eisa Ibn Maryam would be to restore the discipline of faith, Ámal and Taqwa again in the world against economic, technological and scientific supremacy of Tagoots, the Khalifas of Iblis, the cursed.
- 73) The miracle of total come back of Islam shall come very soon, Insha Allah, through the re-introduction of Divine discipline, as it has shown a short glimpse of it with Umar Ibn Abdul Aziz. This man was the grandson of Marwan, who along with his father, mother and brothers were driven away from Madina in exile by the Prophet (s). Like other Princes of Umyya dinesty he had his traditionl Iman and Ámál. Not real Iman and Ámále Swalihah. When Taqwa came in him he became a completely

changed man. He used to live on an annual income of 40,000 Dinars. During the second half of Uthman's rule, money was rolling in, in Muslim society like anything, and a privileged class emerged and general muslims were being reduced to poorer. Ali, Abu Dhar and alikes raised their voices against it, but in vain. After Muavia the influx of money destroyed all the fabrics of divine society. Suddenly one man, a single man emerged on the helm of affairs with faith and Taqwa and enforced the divine discipline of that Taqwa, then a hellish society of all evils, turned over night into a heavenly society. The man, who used to lead a life with 40,000 Dinars a year, had started a life with only 200 Dinars a year. All evils of political, economic and social life disappeared so, that none were found to accept Zakat and Sadaqah.

- 74) "It is Shaitan, the cursed who always keeps on threatening us of economic insolvency and incites us towards conduct unseemly and lust, and Allah guarantees us of His bounties, Who's Knowledge is unbounded". (Baqarah - 268). After that also should we believe and go on agreeing with Satan and his human agents that we must first be economically, technologically and scientifically self reliant and then set ourselves for the establishment of Allah's Khilafah ?
- 75) No, Allah will not give us further time to play in the hands of Satans and use His name to cheat innocent masses. "Now or the deluge", no more option there is. If a group of selected persons from us do not come forward for a real and exemplary Tawbah in a body of rock solidarity in the hands of an Imam from amongst us, and then declare and display renewed faith in Islam with Aamali swāliha with creed, colour and dress of Taqwa, we shall be erased from the surface of earth. The process has started in Bosnia, Kashmir, and Palestine and in many other places. Mind it, that Allah is free from all needs. Very soon, all on a sudden Allah will choose a, contingent and raise them to detonate the device of His process, His Sunnah.
- 76) This poor self has born in a house which used to believe, talk and teach this process of Allah's Sunnah, then was taken to Mecca, the workshop to make His special products where this humble being meditated for a decade. After reaching a stage, he sought the permission of the Lord of that House, with some purest amount of money he earned in Mecca to erect a house in Dacca to house the above mentioned contingent. He was naturally tired as he laboured hard for forty years without any day of rest. So he had entrusted his brothers to build an infrastructure of the base. They proved to be unequal to the task, rather they completely frustrated this poor of the expectations he had in his brothers, whom he brought them up from their childhood for a mission. So this tired poor had to rise again with the tiredness and additional burden of shock and grief of losing his brothers, whom he foolishly took as the limbs of his body. Then he alone has built the infrastructure according to the instruction he received from his Master in Mecca and Madina, spending the last bit he had, leaving nothing for him and his family, and waiting for the arrival of the contingent to detonate a device to originate a jolt from Dacca to Macca, and then spread all over. If

Tablighi Ijtema on a wrong concept and falsehood can draw and collect such a big pile of propped up timbers, the detonating contingent of Allah's soldiers shall, Insha Allah fire it as the pyre for Satan and his army of the world. Time is near; the countdown is to start soon for Zero to rise and lead the world as the Khalifah of Allah, or to perish with Satan as his follower-progeny.

- 77) The souls who would rise aiming the stand point of Ibrahim, (Maqame Ibrahim) like the last Prophet (s) and with the least standard of Abu Bakr, Ali, Ammár, Umar, Abu Dhar would be our leaders. The example of turning aright must be at least that of Umar Ibn Abdul Aziz, and you shall have to resign forthwith from Tagoot's job and go straight to the family and say "I have turned as Ibrahim turned to Allah, and then turned Muhammad to seal the criterion for good, if you want to join me, come with me, if not stay back."
- 78) If they join you, or not, you have to start a camp life with least consumption for self and most spending for the cause. Then the Iman will be the openers of eyes beyond the barriers of matter, ámal shall turn Ámalus Swalihah and soul will be compacted with Taqwa. The real 'yeaqeen' makes a man perfect believer in Ákhirah, the life after death and its success. This turns him an ever-ready passenger for Darul Akhirah, who lives the simplest life with utmost decency and discipline. Such persons become the Signs of Allah. All Prophets are the signs of Allah on earth, and their followers are also His Signs. Iranian's Ayatullah terminology is from that concept. Persons who do not live and lead the life of austerity, and runs for affluence and posh life can never be Imam for mankind to lead them for the life of Darul Akhirah.
- 79) The people of Books, Jews, Christians and Muslims invariably believe in the advent of a RESCUER who would rescue the human being from Satan's influence and lead them ultimately to the path of Allah. Jews believe in Messiah, Christians believe in resurrection of Jesus, and we Muslims, according to some sayings of the last Prophet (s) expect the emergence of a perfect man of guidance, who can be said in Arabic, "Imam Al Mahdi", with the exception, that our last but one Prophet Jesus will join him.
- 80) Here is a very very important point to conceive properly, think correctly and then get prepared for destiny. The point is that the Jews think that the Messiah would come to assist and lead them for their final victory over rest of the world with the belief, character and the form they are with now. They think that they are on the right path. Only Messiah will come to lead them to the destiny as they are the chosen race on the earth. Christians believe that Jesus would be resurrected as the only son of God to absorb and absolve them of all the sins, and then lead them for an everlasting happiness. They don't have to change themselves and correct their creed and practice. The people, who are more Muhammadens like Jews and Christians, but claim to be Muslims, believe that they are too, rather the only people who are on the right path.

Imam Al-Mahdi and Jesus shall emerge together to finalise their victory over the existing communities of the world at large, specially the Christians, Jews, Hindus and Buddhists, to repeat what barbarian and nomadic Arabs did in Spain, Africa and Central Asia, after they deviated from the message and the mission of Islam during Umayyad and Abbasside dynastic occupation over the vast areas of the world, and later, an offshoot of their barbarism with added blood Chenchis Khan, the Mughal's ruled India in the name of Islam to further disfigure the name. That is not going to happen again under the leadership of Imam Mahdi and Eisa Ibn Maryam.

- 81) No people of Divine Faith think of ruling in the world as rulers. They can only rule as the viceroy of the Ruler, Who is only Allah. This is the theme behind the creation of Adam and his Khilafah on earth. The moment one forgets it and thinks himself as ruler, he becomes a transgressor Satan. All the existing people of books, the Jews, Christians and so called Muslims did once this transgression. So, there is no chance for any of them to get the ruling right again on this earth remaining on transgression. Any one of them, who shall do a real Tawba, or the repentance, would be crowned by Allah as the last and the final Khalifah on earth. The time is heading to zero hour. Is there any competent contender for that Khilafah to be the only super power on earth?
- 82) Jews Christians, and the followers of Arabian, Turkish and Mongolian version of Islam, the Muslims, are equally cursed and condemned. All have left their Prophet's shown paths and practices and equally transgressed the Divine Trust, Allah chose them for, and are lined in same row, either to rise or to be erased. All are equal impostors of Moses, Jesus and Muhammad (s) leaving their teachings and distorting their Divine Book, except with one lone exception in Muslims, that they still have a Book in their possession unchanged and intact, and that too because Allah has kept it so, unlike others, Jews and Christians, who distorted and then destroyed their book of guidance. Now, if all the three want to come back to the right path to be crowned for final Khilafah, Jews and Christians cannot reach the destination for want of guide book, unless they come and accept the Book in possession of Muslims. With this plus point only Muslims are in advantageous position to be crowned. In other points of worldly qualities like honesty, unity and establishing resources, Muslims are lagging far, far behind. Whereas the last Prophet (s) said, "I wasn't sent, but to accomplish all the norms of good conducts." Now Muslims are the worst people with the best Book in their possession.
- 83) Now the legacies of three Prophets of Islam, Moses, Jesus and Muhammad (s), the total Khilafah of Allah is withdrawn from the earth, and perhaps it is kept hanging in the fourth sky. Any of the claimants of Moses, Jesus and Muhammad (s), leave their false claim and turn real Muslim unifying the messages of Mosses, Jesus and Muhammad in them, they will emerge as the only Millat of Ibrahim, and hanging Khelafah from fourth heaven shall come down on them as the final unified Khelafah

under the Imamah of Mahdi. The rest two or even three cultifieds from among the Jews, Christians and Muhammadans shall stand against the Millat of Ibrahim with all their "Fatwas" and condemnations. Among them, the Jews and their Christian allies will be the strongest adversary of Mahdi and his followers, as they are now united today against their assumed Islamic fundamentalists.

- 84) Eisa Ibn Maryam, Jesus was originally sent by Allah to bring back the gone astray sheep of the house of Israel to their correct fold. They, instead of coming back to Millat of Ibrahim, attempted to kill Jesus. Allah withdrew him to Him. Now, the situation has ripen for his comeback.
- 85) Imam Mahdi and Jesus shall not come back to lead the existing Muslims, Christians or Jews. They will emerge only to join a Central Ummah, the Ummatu Wasata, who would emerge with true posture and profile of Noah, Ibrahim, Moses Jesus and Muhammad, Alaihimus Salam.
- 86) Allah has created Adam and his progeny as His Khalifah on earth with three points of freedom, no one can curb it, touch it and add and omit any dot in it. Whoever does it, they are "Tagoot" which comprises, Satan and his agents, Kuffar, Mushrikeen, Munafiqeen and Fasiqeen, mainly in the terminology of the Qurán. Those three points are :-
- i) Lone Lordship of Allah both in the earth and the heaven. Sura-al Hijr, Verse-84. Sons of Adam are free in this world, under Allah's Lordship, free to move any where under His Shariyah. No one can restrict their movements. No passport, visa etc., can be imposed on them in this world.
 - ii) Men are completely free in this world in economic affairs in earning and spending. After paying Khums of gains and earnings, and Zakah of the hoarded money, no tax and custom, or anything of the kind can be imposed on men. People who would pay Zakat and Khums to the state fund on the basis of their Faith, they are Muslims, and those, who would not pay on the Faith, but shall pay on the imposition of the state, their payment of taxes is Jizya, or lieu. Now, the taxes we pay are Jizyas, and we all are captives, Dhimmies.
 - iii) The sexual urge of men and women are the built in instinct that Allah has created us with. Allah has adorned it in the Qurán, which is the final of the Scriptures, He sent for mankind through His Messengers, A dam to Muhammad (s). Allah has made marriage easiest. Men and women can be wed-locked by proposals and acceptance in the presence of witness, and also can get separated in the same way, like acquiring properties and

selling it. One can acquire property by proposing to sellers or by accepting proposals of sellers, or by accepting some body's gift, or by begging from the owners to give him. And also one can have property temporarily by lease, long or short. Likewise, Allah has made the marriage of men and women easy, that can be solemnised by equal contracts by paying Mohr money, can be separated by returning Mohr money, can be established by proposing and accepting Heba, gifts, and also can be for temporary specific period, as Allah has laid in the Qurán. Such was the revealed practices of the Prophets. The last and the seal of the Prophets said, "Easily practice marriage, adultery shall become difficult and remote; complicate marriage then the adultery and fornications shall turn to be the practice of the human society."

87) IBLIS, Shaitanur Rajeem also has got three points to lead the progeny of Adam to hell in this world and world here after. Those three are :

- i) To make partner, the SHIRK in the lone Lordship of Allah. By this shirk Satan divides the mankind in colour, blood, race, geography and political territories, creates obstruction in the way of free movement of mankind, free exchange of opinions, free movement of commodities and free flow of resources. Thus Satan creates artificial scarcity and crisis to instrument the exploitation of men by men, states by states and so on. In the field of faith and its creed, Satan makes cults, Mazhabs and sectarianisms to cause break and breach in the very root of faith, which is the foundation of human unity, the Tawheed the unipolar connector of men with Allah, the Creator Sustainer.
- ii) Men and women by their built-in nature, since the attainment of puberty till they die; choose their way of life by the inertial system to the direction of sexual and monetary ease. Allah Rabbul Alameen has made these two phenomenons as easy as nature. If there is no obstruction and blockade on the rails of these two things, the train reaches the destination unhindered. But if the blockades are put, then the disastrous derailment is a must. Satan chose the strategy to derail the progeny of Adam by putting obstacles on these two rails of sex and money matter. Satan made marriage difficult to open the ways of adultery and lewdness. Today the mankind has reached the Satan's monitored brink of ruination. The fabric of family bondage, conjugal life of husband and wife, father and mother relation, the bipolar system of the very existence of human society is in utter jeopardy. In your emphasized economically, technologically and scientifically advanced material heavens, Europe and America, Satan's gay, sodomy, lesbianism and all other vices have pushed so-called educated people to the end of HIV and AIDS. First Satan gave the bad name to polygamy to force the monogamy that forced the

society to illegal alpha gamy, and then led them to the blind corner of curses like AIDS and other diseases. That deluge is heading to engulf your Muslim society, unless you stop it now by easing marriage and polygamy under the strict Shariyah of revealed Faith, Islam.

- iii) Fair monetary dealing is the blood line of Halal RIZQ. This Halal RIZQ is the first condition of Imán, Ámal and Taqwa. In absence of Halal Rizq, no Imán, Ámal and Taqwa is acceptable to Allah, and Iblish cannot enter into the life of a believer unless there is an opening of Harám in his body. So, Allah made the money matter completely free for mankind. No legal government or the state Authority can control and curb the earning and the spending in Halal way if the people pay the Zakat of the hoarded wealth and the fifth (Khums) of the gains. So, in Islam there is no tax, custom, toll and levy and the likes other than Zakat and Khums. But Satan has introduced state control on money matter by imposing taxes, customs, levies etc to make men dishonest and corrupt to conceal their earnings and spendings. While Allah made the acquire and the spending of wealth free by His Khilafat on the earth, Satan made it controlled and complicated through his agent governments to make the people corrupt and dishonest.
- 88) Satan's domination on the earth, and the train of Satan runs towards hell on two above mentioned rails, the rail of complicated matrimony and the rail of complicated monetary system, and the carrier and the fuel of the train is the falshoods of Shirk, Nifáq and Bidáts, and the pilot of the carrier to "Saéér, Jahéérn and Jahannam" is the lone diabolic soul, Satan who gets on men.
- 89) The Imam Al Mahdi, the expected Messiah of Jews, resurrected Jesus of Christians and Mehdi of Muslims is the same personality believed by the three peoples of three existing Academic Faiths. But Imam Mahdi or the Messiah shall accept and join none of these groups with their existing creed and concepts. First, a group of believing people shall have to come out with "Tawbatun nasuhah", the purest kind of repentance, holding fast the Qurán, the final volume of revealed Scriptures, shun all kinds of Shirks, Bidats and sectarianism, and most probably they will give their hands in Byat to a real unequivocal caller to the Qurán from among them in a remotest corner of the Ummah. According to the account and intuition this poor self has come, through studies and meditation, the spot may be anywhere in the Indian subcontinent in general, and poorest and helpless Bangladesh in particular.
- 90) After falling of Mecca totally in the hands Jews and Christians along with Madina and Masjidul Aqsá, a breeze is due to start from farthest corner of the east to clear the clouds of western Judo-Christo and Arabian unholy alliance. This Satanic alliance has its origin in dislodging Islami Khilafah by Umyya dynasty imposturously and desecrating Mecca and Madinah, and stripping off these places from original world

congregation of Muslims, the Hajj of Ibrahim, finally shaped by the last and the seal of Prophets, Muhammad (s). Then Satan has chosen Dacca in place of Mecca to pacify innocent and ignorant Muslim masses, who were looking frantically for a revival and resurgence, with a false and preposterous pilgrimage of Tablighi Ijtimah, naming it as the second congregation after Hajj. Where is the Islam of five pillars of Iman, Amalus Swalihat and Taqwa that definitely lead and prepare for an all out final Jihad for the establishment of Allah's Khilafah throughout the globe, and where is Tablighi anathema of six pillars, concocted absolutely on the basis of fabricated traditions in the name of the last Prophet of Islam who did not utter a single word beyond the limits of the Quran? So this conspiracy of Satan and his prompted agents has to boomerang against its hatchers, and Insha Allah, with a quaking jolt. There shall originate a resurrecting journey from an utterly dark point like Tablighi centre of Dhaka with the beam of the rising sun, and travel towards west, and take a pause in the land of Mecca and Madinah to only spread throughout the length and breadth of the earth of Allah. There is a saying of the last Prophet (s), that he foresaw a breeze coming from a remote east and Islam shall be expelled from his land and come back again to Madinah, like the snake gets out of his den and comes back again to his den. This poor has other indications in favour of this fortunate possibilities, that coming days shall reveal them, Insha Allah.

- 91) Swalat is not at all the pillar of Islam or Iman. It is only one of the pillars of amalus Swalihat. I am not, and never, sitting for that and with that only. Had I been for that, I would not have left Mecca and Madinah as that was, and is now also, the best place for dead an direction less Swalat of the "Supreme Murubbi of Tabligh, the Satan and his leading disciples". Al hamdu lillah, He has very kindly opened my heart, soul and the vision to see things beyond the barriers, material or fake and otherwise. "A man whose heart Allah opens to Islam, he is set to receive the Noor, the light from his Lord. Woe to those, whose hearts are hard; do not soften by "Dhikr" Al Allah. They are clearly on the wrong" (Zumar - 22).
- 92) Qurán is the Dhikr of Allah. This made an unlettered, a nomadic offshoot Muhammad (s) to rise to the last point of heaven, to reach the height, only next to the Throne of Allah. You too have the same Qurán in your possession. If you rise right now with only the Quran in hands, on the foot prints of Muhammad (s), make a Hijrat within, and instrument a Tawbah for renewed entry into Islam through byat, and practice Allah's Deen strictly within the pillars of Islam, Amalus Swalihat and Taqwa. Allah will make His final miraculous opening from in between the two imposter Jamats, Jamaate Islami and Jamate Tabligh, and the wide, clear and clean Siratul Mustaqeem, the High Way to Jannat shall emerge from its zero point in Dacca towards Mecca and so on, and we will be raised by Allah Rabbul Álameen as the initiators of eternal long march to eternity. Time is ripe and over mature to rise now or never. The ever most desired, the greatest blessed and speedy victory from Allah is awaiting us at the next door. The moment we shall rise with above mentioned

criterion as the advanced contingent, the sudden emergence of the ever cherished leader, the Imam of all the factions of Islam, the upright Jews, Christians and Muslims will happen in any part of the world. He would emerge with a clerion call to all people of Divine Faith to unite under the one flag of unity, the "Flag of Tawheed" leaving all shirks, the shirk of Ezra and the Calf, the Shirk of Jesus and Mary and the Shirk of Rasool and Asháb, and Sunni Shiya and alike. Whoever would respond to his call from among the Jews, Christians and Muslims and others as well, they will emerge as the real Muslim Ummah. And the host of the rest from Muslims, Christians and the Jews will be deemed and decreed as renegades, who would rally round their imposter Imam, the Dajjal, the confuser. They too would be united, but on the wrong. These are the glimpses of what I saw, visioned and taught in my decade of meditation in Mecca and Madinah of Muhammad and Ibrahim(s), and I have come back from Mecca to Dacca and waiting here for the last 15 years to join the marchers to Mecca, Madinah and the Masjidul Aqsá for a single Hajj of the kind of Ibrahim and Muhammad (s). The buildings and the place I have built, and guarding now, is to be a

"Workshop camp" of the contingent. That is what I have been taught, whispered and indicated by the teaching lines of the Qurán in Mecca and Madinah, and waiting for, sitting in Dacca. Do you think this a dream or a wishful thinking? No, my dear, not at all. Switch to the world of rooh, you would start seeing unseen, and the era of "Uminoona bil Ghaib" will begin. They ask you about Rooh, you say that the Rooh is the command of my Lord, and you have been given very little knowledge about it (Bani Israel - 85).

- 93) Allah calls us to salvation and Jannah, and Satan calls mankind to ruin and hell. Allah calls to Him and His Jannah by sending Prophets as Imams and the model of Imamah. In Arabic there are two similar words, Imam and Amam. Imam means Leader and Amam means "front man". Allah had selected Ibrahim (s) Imam for mankind after gruesome tests and trials. All Prophets after him till Muhammad (s), were nothing but the followers of the ideal of Ibrahim, the father of the Prophets. Since the end of the chain of the Prophet hood, the Prophets are the only models and ideals of Imamah and leadership. Our Imams must be the followers of our Prophets in deeds, dresses and appearance. Prophets performed their mission under the strict order of Allah, that they will not seek or accept any remuneration in exchange of their services, and they had to declare and say often like a chorus, "No remuneration do I ask you for my services, my reward is only I expect from my Lord, Rabbul Álameen", Persons who accept salary or remuneration, can never be Imam or leader of the believers. The moment, an Imam opts to salary and remuneration, he ceases to be a Muslim, not to remain Imam. Because, acceptance of remuneration in exchange of "Ibadah" means selling "Akhirah" in exchange of "Dunyea" which is the greatest sin in Islam. This act opens the door to Satan to exploit the mankind in the name of religion. Such people are the "Amams", the front men of Satan to exploit the people in the garb-of religion. The Jewish Rabbies, Christian Popes, Hindu Brahmins and so-called paid Imams of Muslims are Amams, the front men of Satan to run the satanic

activities in the name and nomenclature of religious to destroy the fabrics of divine faith of mankind. These vendors of false religious rites made many Halals Haram, and Harams Halal making cults and Mazhabs on the whisper and promptations of Satan to push the innocent masses to blind corners, so that they resort to malpractices. In Bani Israel, these front men of Satan did the worst kinds of mischief. Allah sent Prophets to correct His Shariah to its origin. At this, the severe resistance and Fatwas of Kufr against the Prophets used to come from these amams, the front men of Satan, and many Prophets were slain on the basis of these Satanic Fatwas. When the final Prophet of Islam came, Allah corrected all wrongs of Jewish and Christian Amams of Satan by His Seal of Prophets and sealed and preserved it intact in the Qurán. That version of Quranic practice continued after the death of the last Prophet (s), somehow, till the martyrdom of Ali, the fourth Khalifah-e-Rashed. After Ali, except the brief period of Umar Ibn Abdul Aziz, the Administrative and Rulling Authority had gone totally in the hands of Amams of Satan. Only some individuals Ilike Malik, Abu Hanifa, Shafiyye and Ahmad Ibn Hambal tried in their humble ways to protect behavioural aspects of Muslim life, which was later named as Fiqh. None of them founded Mazhabs nor they claimed to be Imams, as, later, Mazhabs were named after their personal names which further later turned to be more cults than Mazhabs. Those four unanimously held salaried religious services as Haram. This should be clearly known to us all, that the remuneration against any religious service is made Haram by Allah Himself, by all of His Prophets, first four Khalifas and first four Imams of Mazhabs. Later, during the despotic rule of Umyyad and Abbaside dynasties, the religious services by paid employees and servants were introduced. Since then our Swalat, the first pillar of Ibadah was demolished and our all Amalus Swalihat behind paid servents have become void to Allah, and our Islamic Imamah has fallen in the hands of people whom Allah termed in the Qurán as Dogs and the front man of Satan. (Sura Áraf - verses, 175-176). These vested interested Mollahs and Amams shall be worst enemy of Muslim societies in the way of reforms of Imam Al Mahdi in his first phase. But he shall overcome this adversary as the Qurán will be his Book of Guidance, and Allah's direct help will be with him, as Allah has assured His help in this regard. In Bangladesh the so called religious parasites, Peers, Moulvis of Madrasah's, Amams of mosques and other of their kinds have lost much of their grounds by the grace of Allah, Who sent NGOs to work in the grass root. The army of Divine Salvation shall emerge from in between these two confusers, the traders of Fatwa and the traders on human misery, the NGOs.

- 94) The final and forthcoming leader of the divine humanism, Imam Al Mahdi shall uphold the Qurán renouncing and denouncing all Mazhabs, sects, cults and creeds concocted by Rabbies of Judaism, Popes of Christianity and the dogmatists of Islam. Insha Allah, he will over shadow and overrun his adversaries in Muslim countries and the adjoining countries very easily like Bangladesh, India, Pakistan, Afghanistan and in Central Asian countries on his first leg, and then gathering his followers from these countries on the Heights of Afghanistan and Iran, he will roll over the planes and the

deserts of Arabia to liberate Arabs from the prisons of Christo-Jewish coalition and their impostor proxies in present Saudi Arabia and its surrounding countries in the Middle East on his second leg, to make Mecca and Madinah the seat of Global Khilafah of Allah. On his final leg of his mission he will be face to face with Masihuddajjal, the false messiah, probably Iblis himself with his devotees of Christo-Jewish axis, the present worldly super powers in and around Jerusalem, the present and the last Jewish settlement on earth, the state of Israel. At this hour of climax, Roohullah, Eisa Ibn Maryam shall emerge. Seeing Roohullah in front of them, all the "gone-stray sheeps of the House of Israel" (Jacob), the misguided Jews and Christians shall start retreating, and all their mobilization will collapse in a way, as the salt melts in water, and the general people of Jewish and Christian faiths will turn back to the original faith of Ibrahim. The Islam, and join Muslims to be like honey and milk, and all will join in the chorus of "Drude Ibrahimi" which our last Prophet Muhammad (s), met during his MÉRáj with Allah and meeting with his father-Prophet Ibrahim (s) and since then, we all recite it in all of our Swalats, "O Allah, bestow Your blessings on Muhammad and his followers, like you bestowed Your blessings on Ibrahim and his followers. Surely, You are the All praiseworthy and Majestic".

- 95) This universe is absolutely a miraculous expression of the Majestic power, the "Qudrat" of Allah's Majesty. It is the way, the Sunnah of Allah, that He ends a thing in the way, he brings it, without any exception. This Universe will end exactly in the way; it has come into being, with nuclear detail. This world has come into being with a "Roohani" nuclear bang of Allah's Power of Qudrat, which is now dominated by brute material nuclear superemacy, is heading with electronic speed towards its concluding end in the hands of a Roohani nuclear leadership. As the Big-Bang theory is an accepted one by the material scientists, which commensurates with the Qurán, the real Roohani Scientists (Quranic Arabic term Ulama, not these Ulamas of ignorance who play the role of Satan's front men in our society) know by the inspirations they get from Allah through the Qurán (not that of so-called peers and sufees of concocted dogmas) that the Dajjals of brute nuclear polarisation are going to meet their end in the hands Roohaullahs, Imam Al Mahdi, Jesus Roohullah and the army of their followers, Indian sub-continent is very likely to be the fortunate home of nucleus contingent of the divine theatre, Insha Allah, as Adam fell here, his progeni shall make their way back to the Heaven from here. Though the unseen indications are felt by those only, who are on receiving channel, the visible Indications can be conceived and understood by the second rankers also. The visible signs are that the subcontinent is the single place in the world where the largest number of Muslims are concentrated with a huge population who have no religion except a "Ram Kahani". A very non significant minority of brute caste, the Brahmins, are exploiting them treating them worst than animals. If the Mughals were not impostors in the name of Islam, and there was real Islam in this sub-continent for a brief period of only 23 years like that of Prophet's, ideal era, there would have been not a single non Muslim in India, and if Pakistan also was not a Satanic bluff in the name of Islam, it would

have broken after 23 years, but India would have broken into oblivion within that period. Now Pakistan and Bangladesh are heading to close another 23 years, and I see the signs and signals that these two satanic geographic divisions are going to disappear from the map. The process is already in progress in Bosnia and in Central Asia. Though Bangladesh and Pakistan are one in category, but your Bangladesh is the worst. It has lost its all potentials of survival and productivity. Eve without Adam's lead, mean sterility and death. Women are cosmetic while men are cosmic, meaning productive. Cosmetic female without cosmic male guard and protector is the key instrument of Satan for destruction both in heaven and earth. People of Bangladesh are on a disaster train that runs to deluge on two cosmetic rails of Satan, Khalida and Hasina. Allah said it by the language of His last and the seal of Prophets, "Women are the ropes of Satans". These two ladies because of the vengeance of their slain father and husband, one as an orphan and another as widow, and in Pakistan Benazir and Nusrat, as orphan and widow with same vengeance, are pushing two trains to nightmarish crush with demon their driver. Allah will halt the train to disaster if we do the "Tawbah of Adam" right now and take control of the train from Eves without further delay. A precedence in Bangladesh shall trigger a precedence in the other end of India, Pakistan. Same types of Tablighi Ijtema is there in Raiben of Pakistan. The giant India in between two. Bangladesh and Pakistan is indeed socially volatile, though politically, economically and militarily rising as a sleeping monster. Majority untouchables along with Muslims, Sikhs and other ethnics are grueling under the shackle of inhuman caste system, exploitations and prejudices of worst kind of Brahminism. The deposits of volcanic eruption are increasing under the surface of India. There is no bond or area of common unity among Hindus of different caste and other non-muslim communities against Islam and Muslims other than the memory of tyrannies of Mughal and Pathan rule in India for about eight centuries. Taj Mahal, Kutub Minar, Sish Mahals and Shalamars are still standing as the witnesses of diabolism in the good name of Islam. Likewise, the majority of common Jewish and Christian worlds are also rallying round the prejudiced Zionists and Christian crusaders against Islam and Muslims because of the Satanic rule of Arabian impostors in Spain and other parts of central Asia, and lavish palaces of Alhamra, Cordova and Granada are standing witnesses of the worst crimes in the name of best religion. Insha Allah, if a movement of the reforms and renaissance of Muhammad and Ibrahim (s) can be initiated by the contingent of Imam Mahdi and Jesus from the soil of Dacca with the Creed, call and the Colour of Allah, renouncing and denouncing the Pharaonic and Nemrudic deeds of Mughals and Pathans in India, the waves of human sea shall start rolling over India, Pakistan, Afghanistan, Iran and Iraq, and then shall stop at Mecca for a pause. The route of the travel of geneses, Adam, Ibrahim and their progeny is like this. The spot of Bengal, especially the present Bangladesh is very very conducive for such a blessed movement. There are opinions in the route of genesis that Hadhrat Ibrahim stayed in the areas of Bengal and Burma for about ten years, and the name of Burma is from Brahmma, Brahima and Ibrahima.

Moreover, the area of Bengal and its majority people were converted to Islam through Islamic preachers, not by invaders, like rest of India. In the areas of invasion, the majority people rejected the faith of invaders as the people took them as tyrannical occupiers, and Mazlums never accept the faith and the religion of Zalemeen. Islam is the Deenul Fitrah, the Deen of Nature. So it spreads also by natural course. By all considerations of this poor, material and spiritual, this poorest and neglected, both in size and material potentials, Bangladesh, by the grace of Allah can be the Mecca in the east to renew and revive the resurrection of the Message of Mecca Al Mukarrama, Madina Al Munawarah and the Masjidul Aqsá to accomplish the Deen of Allah on entire globe. Allah forbids, if initiative is not taken now, without any delay, by a contingent comprising persons of real faith with the instrument of bay'at in the hands of an Imam from amongst you for Tawba, renewed Imán, real Amalus Swalihát and Taqwa, that must result in, to wage a total Jihad Fi Sabeelillah with the prime aim of supreme Shahadah, either by getting martyred or establishing a 100% Khilafah, the destiny of 100 million of Muslims of Bangladesh, shall be a deluge of human blood, a holocaust in the hands of neighbouring Mushriks, not because of their giant supremacy, but as a curse of Allah. Then the same course will follow the Muslims of India, Pakistan and the adjoining areas. The Zion and the Christian west will put all of their weight in favour of Mushrik India. Allah has forewarned Muslims about this alliance in the Qurán. "Most heinous among men in enmity, you will find invariably, against Muslims are Jews and Mushriks", Zionist Jews and the crusader Christians have jointly started their operation in Bosnia to exterminate Muslims, a process of ethnic cleansing, and another spot by their Mushrik allies of India in Kashmir, like the crusaders did once in Spain. At that time, they cleansed few millions, and this time it will be or hundreds of millions, in Europe, Central Asia, and the worst in the human history in Indian sub-continent. In Bosnia the Serbs and their accomplices have raped nearly one hundred thousands of Muslim women making them pregnant and produced thousands of Serbians, and forced those Muslim women to suckle their new generation. They are doing it as a declared policy. Sikhs of India tested this in east Punjab in 1947, and this time the entire non Muslim Indian communities are getting prepared to commit the same as a deluge of Noah. They would get all supports from Zion-Christian world in this crime.

It is a common practice of land lords that they give allotment of the lands to their subject peasants to be loyal to their lords, and cultivate the lands according to the law of landlords, and must produce the products and crops that the land lord permits. Production of contraband is a rebellion that only results in the termination of allotment of the land, and eviction of peasants from their home and hearth with condign punishment. Such is the practice of the temporary and limited land lords of the world. The law of the Lord of the Worlds, Allah is more composite and comprehensive. Any rebellious violation of His law with contumacy leads to catastrophe. Allah has created men and women. Men are His cultivator slaves in this earth, and women are His lands for cultivation according to His revealed laws to produce His loyal and obedient worshippers. Women are not the play grounds and stadiums for men's games and gay. Men get women land allotted to

them from Allah by the instrument of marriage according to His Shariah to produce "Harthul Akhirah" the produce of Darul Akhirah. Now, tell me how many out of a billion of so-called Muslims have cultivated and are cultivating by their wives the Muslims who follow Allah and His laws, as His model cultivators, Noah, Abraham, Moses and Muhammad ? The answer is a big 'None'. In such a case when the peasants cultivate and harvest contrabands, ignoring and violating warnings after warnings, the course taken by the lord of the lands is to send the demons of destruction to destroy harvest cancel the allotment and evict the peasants from their homes and hearths. Allah, the Lord of the Worlds, raised the present Muslims after cursing Jews and Christians for His final stage of Khilafah in the earth. We Muslims are Ummatu Wasata, the most balanced, if we mean the business. But the Muslims of present kind have transgressed all the limits of Allah, worst then Jews, Christians and even Hindus. Allah has cleansed once in the beginning and washed the world by Noah's deluge, and in the middle, He simply erased many mighty nations, 10th of whose material power the present human civilization could not attain, like, Ád, Thamud and the people of Aicha. Now another world wide cleansing is due, in the concluding stage of this worldly life, we are facing that juncture. If we continue with our present imposture, we will be wiped out by our enemies as a final curse of Allah, and our darling sisters, daughters and wives would be given to others to produce their progeny. Do you ever look back at Spaniards? If you have, you will find Arabian faces are talking to you as Spaniards. How would you feel if your daughters and sisters produce Hindus, Sikhs and others as sex-slaves, and you are kept alive to see them, as the captives in the domain of those pagans? The camera and the stage is set for that debacle. Khaleda, Hasina, Benazir and Tansu Ciller of Turkey are the last signal. In Indian camera. Bangladesh will be the first snap of the nightmare. The only way to reverse the camera towards others and return the tide of deluge for Satanic world is to initiate and launch a U-Turn journey of Tawbah from the soil of Dacca in the path of Noah, Ibrahim, Moses and Muhammad, Swalawatullahi alihim ajmaeen. There are only these two destinies, one is to go downest of the hells, and the other is to rise highest to the Throne of Allah. There is no third end. Insha Allah, the torch of the "Light of Allah" shall emerge from Dacca to meet its origin at Mount Hera of Mecca. Do you want to be one of the runners with that torch? The moment is very opportune for right persons according to the messages of Roohani signs, which materialists never feel it to believe, whereas they do not exist without constant relation of Rooh!

- 96) Now what about you? You kept on travelling long zigzag ways like Salman Farsi. Can you see the outskirts of Madinah, to meet the final source of divine light like Salman and Abu Dhar? As this poor sees, you have already exhausted your 99 efforts of your life span, and you have only one chance more in your hand. If you succeed in this last one, Insha Allah, all your past efforts may be added with your last one as the grand total of grand success. Nothing succeeds like success. If 'A' says about 'B' that I know you more than you know yourself, that may be wrong in most cases. Because most of the average people know more about themselves surely then others know. But there are some uncommon men, who cannot know themselves as others know about

them. You are one of those uncommon men. You live so busy that you do not find time to see and look at self. Probably I know you more than you know about you. Your 'selfless self made you so, from the very beginning of your service life, that you have engaged yourself to do good and bad things together with unbound sincerity to achieve good, rather miraculous results, but did not get that impossible thing> Now you have reached a stage of life that you must not step a further one in wrong, as you have only one chance more. If you miss in this, that may close the grand total at loss. And if you succeed in this last and final step, by the grace of Allah, you may embark in the Ark of Noah, for which you have travelled all the way. You have served as a civil servant of evil Pakistan, and now also serving as a civil servant of devil Bangladesh to establish Islam. Khilafate Rabbani here. There was no dearth of sincerity in your life long efforts. The success of both the lives, life in this world and the world hereafter, is guaranteed in the Khilafah of Islam. In Kufr, there can be success in this world, but sure hell in other world. In Shirk, Nefáq and Zulm, sure failure in this world and sure Jahannam in that. These three, Shirk, Nefáq and Zulm, are the components and compounds of both Pakistan and Bangladesh. Services for these compound imposture, can never be any act of Amalus Swalihát or act of 'Naját in Ákhirah? Can there be any organization to provide such governments with an Islami mask, like Islami Foundation, or a Mosque, like Baitul Mukarram ? Why Allah had stopped His Prophet (s), from saying prayer at the Mosque of Abdullah Ibn Obai? Was he more than a Munafiq? Houses built on the strict sunnah of Ibrahim and Muhammad (s) for the establishment of Swalat are Mosques. Others are not ! Persons who lead Swalat like Ibrahim and Muhammad (s) are Imams. Such Imams are not produced or trained by Imam training. Islam produces by Iman, Amalus Swalihát and Taqwa Lions and Tigers like Abu Bakr, Ali, Umar and the likes!

Persons trained by the Foundation, Masjid Shamaj and Masjid Mission are Imams ? How sincerely you tried your best! But could you push an inch forward your society towards Islami Khilafah ? Lions are not bred by this process. Only the mules can be. I am sure; you have understood the bitter truths now. Repeatability of mistakes does not correct the mistake. It only confirms the doom. For all the follies we have come committing for centuries in the name of Allah and His religion, we are now standing face to face to Dooms Day, that only one step towards right direction will fire our Boraq or the Rocket for the highest of the height, and one wrong step shall send us for the downest of the down, Asfalus safileen. **أَلَمْ تَرَ إِلَى الَّذِينَ بَدَّلُوا نِعْمَتَ اللَّهِ كُفْرًا وَأَحَلُّوا قَوْمَهُمْ دَارَ الْبَوَارِ جَهَنَّمَ ۖ يَصْنَعُونَهَا ۚ وَيُبْسِ الْقَرَارُ**

All is well, if ends it well, all is wrong, if ends it wrong. That is why Satan emerges before a pious man dies, to persuade the dying man to commit a Shirk to spoil his 99 Amal by only I wrong. So, I, you and those of us, who want to die a successful death in this world, for an eternal success in the other world, must be all cautious about the last, the 100th act and Amal.

Al Hamdu lillah, with your limitations, you tried all the best for Amalus Swalihat till you reached the 99th step. In all these 99, you were not all satisfied, because you were a paid servant of evil and devil governments, where you did not have the freedom of choice. Now Allah has given you an opportunity to retire from satanic services with a comparative sound health. At this stage I am more than sure, that Satan must be on your three sides, official side, friends' side and the family side to persuade you to go for an extension of the tenure or join another vicious circle like NGOs and the like, to load you with only one more burden to close the 100th. This is how Allah said in His Book, Al Quranul Kareem.

At this crucial stage, my advice to you is, not to opt for any of those three blinding corners, run away through the opening of your fourth personal corner. You have come alone in this world, when you did not know anything. Now you are due for the last step to depart from this world also alone, when you know many things. Now the decision is yours, you will die alone, go in the grave alone and shall rise again alone to face Allah. No wealth and property, none of the kith and kin will accompany in your last journey, except Al Ámalus Swalihat, not the amals of our present forms of Swalats, Swawms, Zakats and Hajj. These amals are without real Iman, Byat and Imam.

If the exertions of this poor, are those of your thinking and dreams, you must retire now from service, do a Tawbatun nasuha to Allah and start His Ebadah, the Amalus Swalihat exclusively on the following three points:

- i) Renewed faith in Allah that He is your only Ilah, Who does good and bad to you, and all Prophets are equal to show you the path of Allah. No Prophet or angel can bring good to you. Concepts of Sahabi, Mazhab and Peer-Murideen are Shirk. Quran is the only Book to follow, Sahih Hadiths are sometimes helpful to understand Quran, and the worst kind of bad things in this world is the fabricated Hadiths on Fadaele Amal, the inspiration of Satan, the cursed and condemned.
- ii) No Swalat in Mosques not built on Taqwa, and not a Sijdah or Ruku behind a paid and professional so called Imam. Not a meal of Haram should enter into your stomach, and there must not be any compromise and adjustment with wife, children and near relation on the principle of Taqwa. Quran is "Hudallil Muttaqeen". If there is no Taqwa, there is no Iman and Amalus Swalihat at all. Such Swalat and Amals are not acceptable to Allah, nor lead to His nearness. Allah has termed such Amals in the Quran as mirage, nothing else. In Swalat, only those Suras and Ayats are to be read and repeated whose meanings are understood.
- iii) We human beings are sent in this world to earn our livelihood by our hands, that is physical labour, and serve and propagate

our mission by our limbs and tongues mainly, that our deeds and words resembles and resound each other. Our body is an animal body, with bodily needs like all other animals. In short, a Roohani man is riding an animal in this world. To subdue the animal in the human body, the Roohani master must engage and employ his animal carrier systematically, so that the animal soul and body serve the master obediently. If not, the animal soul with Satanic manifestation enslave human being to make them at best a social animal, and out track completely from the Khilafah to justify the Iblis's remark about Adam and his progeny. "And surely Satan's idea about them came true." (ولقد صدق عليهم ابليس ظنه) (Sura - 34, ayat - 20). To rise above Satan's level and quality for Khilafate Ilahia or Rabbani, you must make your house self served. There must not be any servant in your house, no Bua or Aya, as there were no such servants at the houses of Ibrahim, Moses and Muhammad (s), and in the house of Ali and Fatima. All of them, without any exception, lived by their hard physical labour and earning, rearing and raising the livestock by themselves, and their spouses and daughters served the house hold affairs themselves.

When the family accepts the Prophet's household as their only fession of life, with heart and soul benignly, then there cannot be assets precious than that in this world, and such houses are the houses of Allah's Household. If the home itself is not your's, and the members of the family are not solid like the rock with you, then you are not only a stranger in the family, rather, you are a captive in the hands of worst kind of cruel creatures, like Hussain and his family members fell hostages in the trap of Yeazid and Ibane Ziad. The family adversary in the Way of Allah **في سبيل الله** is the greatest sad and the tragedy for the people of Message and Mission. They try with all sincerity, love, sacrifice and serenity to lead their house to the path of Allah and the heaven, but the members of their house only agree to oppose them and push them to hell, **أدعوكم الي النجاة**, and moreover call the outside enemies into the house to further the agony. The family of Noah, Lot and our last Prophet (s) are the examples, To overcome this painful and heart breaking episode, Allah the Kind and Merciful, prescribed Hijrat through His Messenger as a Sunnah for us till Qiyamat, for our struggle and Jihad to establish His Khilafah on the earth sacrificing all we have.

I loved my family as an orphan boy of only 14. I used to listen to my grandfather and father with all faith and respect while they used to talk to their disciples about the present and the coming bad days of Islam, and the advent of Imam Al Mahdi and Hadhrat Eisa Ibn Maryam, as a child. Then both my illustrious grandfather and father died within the span of six months. Because of the position of the father and grandfather, I was specially loved and treated with respect by all. My younger brothers were much junior to me, as the eldest of them was born after four sisters of mine, while the youngest, Yousuf was

only one and half year old when our father died, Before the death of father and the grandfather, we were some sort of symbol of good fortune, and the clock of time was in our favour. But after the death of illustrious fathers, all on a sudden the clock of fortune started anti clock movement and the loving and smiling faces of admirers turned so beamless and avoiding as if they did not know us, or we became the symbols of misfortune. Allah has created me with a very sensitive pulse and feeling. I was overwhelmed by shock and grief that made me mum and stunned. Very soon my family reached to the point of misery that the want of food and clothing became the problem of our very existence. On another side, the Meghna river was advancing with fury devouring all in her way. There was no family poorer than us among our relatives. At that critical juncture I used to look at the faces of my helpless widow mother and small brothers, and then at a very crucial point came a light from Allah to my heart that gave me the strength to set my foot for unknown destiny in search of His blessings to save and salvage a sinking family, to be only dedicated for the mission that the Imam Mahdi shall emerge for. Our Marhoom father used to say very often that his sons may be the followers of the Imam. All praise be for Allah, who has helped His this insignificant slave with His kind miracle. A sinking family with no worldly sign of survival, not only survived, but emerged as the richest in the family and the near relatives. Though more breath taking tragedies fell on the lone shoulder of this poor, like devouring of the Meghna River the home and hearth by its erosion, and widowing the only sister with 10 children to be again looked after by this poor. Now they are also on their feet, and my mother, three brothers and my sister with her grown up sons are a separate community, and I am alone. Because they have grown materialists in faith and practice. Apparently they have Swalat and socalled Amalus Swalehat of the kind of Jamaate Islami, the satanic political version of Jamate Tabligh. My so loving brothers for whom I could not eat, dress and laugh for thirty years till they were not fully brought to a safety, not only they failed to appreciate my struggle for them, rather they have misunderstood me completely. Satan made them so blind and duffer that they are failing till now to go a bit deep to listen to me. They have become Satan's brothers so blindly that the words of Allah in the Quran can define them only, "Verily spendthrifts are brothers of Satan, and Satan is ungrateful to his Sustainer Lord". They have completely forgotten that they were in utter want of subsistence, and they do not think and fell that whatever Allah has given us is His sacred trust, and we can only spend for our consumption what we need to subsist, and rest we are to remit for Darul Akhirah by spending for the establishment of Allah's

Khilafah in the earth following the footsteps of Ibrahim, Muhammad (s) and their families. Due to such Satanic touch and association they have become so malignant for me that any duty and work I entrusted them with to do for me in the way of my lifelong mission, they have only stunned me by shocks after shocks. But they do not feel that at all as Satan is on their steering wheels till now. Allah said in the Quran that every human being is fixed with a steering device on his or her neck. The moment he or she forgets Allah, Satan takes the control of him or her. Once Satan sits on anybody, he or she cannot get rid of Satan's grip unless he or she makes an all out Tawbah and runs to Allah leaving behind everything that Satan has touched. I am praying and hoping to Allah that my

brothers leave Satan like that and join me. Once they do so, they will be my three wheels of my carrier again, which Satan detached from me, and Insha Allah, I shall again start roving for destination. Everything comes back to its origin, the sooner, the better. So I hope, my so loving brothers come back soon to me to heal wounds and join me.

I have dealt with a bit length about my family to explain and stress to you the need of integrated help of the family members for people of mission. That is why all our Prophets wanted and prayed to Allah for brothers in mission. I committed blunder that I did not engage them in any hard or physical work during the period of their upbringing. I provided them unasked and undreamt with things they enjoyed and grew. So, they grew without feeling and maturity. I don't know about your family form. Is it in due form to enter into the mission of Ibrahim and Muhammad (s) to join the camp and the workshop of Imam Mahdi's contingent, or deformed for the ultimate purpose ? If the reply is negative, then the course is to say " Salamun Alaikum" like father Ibrahim and migrate towards Allah like him exactly. Otherwise definite Jahannam is our destiny. If you have the spine with courage and faith of a 'Momen', then set yourself free from service right now and join the Bank to sit on a place to watch for people to pick and choose right kind of persons for the camp. But your main workshop must be set up first and then equip that with precision mechanism of real Iman, Amalus Swalehat and Taqwa. Halal earning, Halal food and halal clothing is the lone key to Taqwa. Allah asked His all Prophets to eat Halal first, then to go for Amalus Swalihah (يَا أَيُّهَا الرُّسُلُ كُلُوا مِنَ الطَّيِّبَاتِ وَاعْمَلُوا صَالِحًا ۖ إِنِّي بِمَا تَعْمَلُونَ عَلِيمٌ) "O Prophets, eat from Halal, then do righteousness, I am fully aware of what you all do". (Sura-23, Ayat-51. Physical labour is the only way to earn Halal morsel. Allah has made a place by this slave of His grace; where from a group of migrants can start seeking halal morsel if they themselves engage physically. That is the way of the Prophets, and this world will come to its end in the hands of Prophetic people of their standard only, because Allah made the Prophets standard for mankind, and none else.

- 97) As a paper work of witness to Allah on the day of Resurrection, this humble slave of Allah has written these pages in reply of your brief letter. If the blackened pages are of those, your heart and soul were wandering for, then you have got a co-traveler to Allah in this world until we cross to the world hereafter. If not, then you have wasted your time and I have benefited. Because you have provided me with an opportunity to record my witness about the Deen of Allah. Al Hamdulillah. And, as my inner feeling tells me about you that your incontent soul is frantically searching for the path of divine salvation, if you have found the mile stones of that path in my confession in the letter, then I invite you to join me to prepare for the journey. Time is very short and events are moving too fast. I am seeing that, if a nucleus centre is formed and the clarions call is raised on the basis of the details expressed in these pages, the bang of the final revolution of Islam shall explode from Dacca, Insha Allah.

While Muslim populated countries are on the verge of total destruction because of the "Gadhab" of Allah for leaving His Khilafah, you are working hard to introduce data based identity card system for voters in the country, which shall incur an expenditure of several hundred crore. Is it not Israf, the waste of Allah's given resource in the path of Satan? These Satanic elections shall only hasten the deluge for your nation. What kind of man is your Abdur Rauf? Has he got any property of his nomenclature in his faith and practice? Or he is an Abdur Roof of Abdur Room that all he wants is, to have a big roof over his head and a spacious room of big office with fringe benefits at any cost? How can you keep yourself associated with Satan and his brothers? How many people you have known or have come into contact throughout your service career, whom you can trust to be the companions of Ibrahim and Muhammad (s) in Jannat? There is no Jannat made easy except the following of the footsteps of the Prophets. No way of Najat is there without that. I hope that you are reading these lines with all seriousness taking Allah overhead. If so, keep a book and a pen, and start listing the names of those, whom you consider to be worthy for the advance party of the contingent of Imam Al Mahdi and his movements. Let the number be 10, 50 and 100 or more or less. Get out of Kufr, Nefaq, Shirk and Jahiliyah, shall be front liner of final victory of Ummah of Islam with 70 times more reward than Abu Bar, Umar and Alis. Tawba opens the eyes, Iman with Amalus Swaleh leads the way and Taqwa makes you reach the destination. Prepare a list of brothers in Islam, like those the last Prophet (s) made in Madina without Further delay, and make a camp of Madina in Dacca. All the blessings of Mecca, Madina and Masjedul Aqsa will fall on us together. Without that organisation, present kinds of Swalat, Swawm, Zakah and Hajj only will bring the fate of Bosnia, Chechnya and Kashmir for Bangladesh. The political imposture of Jamaate Islami and the Biswa Ijtema of Jamate Tabligh are the last proof of our total bankruptcy to fall wrath of Allah on Bangladesh. As a sincere thinker you must have sensed that this poor country is heading for a political disaster in commotion ridden political agitation for caretaker government. So, a good number of people of the country are praying for miraculous solution from Allah to rally round.

- 98) My dear brother Shamsul Alam, you are one of the most few persons for whom I pray to be in the advance party of Imam Al Mahdi and his supporter Syeduna Eisa Roohullah. This humble self looked for this for a period 23 years of Pakistan associating with Pakistani evils hoping them that they would come to the right track. There past 23 years. 23 years is a span of time of Allah, He gave to His concluding Prophet (s) as a standard to try the nations. Prophet was tried and the succeeded in the given period. Pakistan was achieved on that promise but the leadership betrayed and they were terminated on the expiry of 23rd year. Now Bangladesh and the truncated Pakistan are on the verge to close another 23 years with much more betrayal and blasphemy to be erased from the map of the world as independent nations. Last 23 years of mine in Mecca and Dacca is a period of preparation for the era of Universal salvation Leaders and the followers of this movement must be mad in devotion, poetic

in expression and charismatic in character like Prophets. All the Prophets of Allah had this three attribution in common. You are also known to be at least a mad in your life for devotion to Islam. For last 22 years I am praying to my Master to make me a mad with other attributions of His selection for the final journey to Him. My prayer seems to be accepted, and I hear and talk with the souls of Ibrahim, Moosa, Eisa and Muhammad(s) through the Quran, as the souls are in contact with each other. My illiterate and ill-conceived brothers, whom I solely brought up, to be mad with me like me, think about me that I have gone mad and they are sane. Especially my whiz kid Yosuf is nearly confirm about it. But I am sure he too shall have to be one with me in the caravan, sooner or later, as my brothers have in their blood, bone, flesh and skin nothing other than what I and my late un-common father and grandfather had, except a missing link. This beggar of the pleasure and the blessings of Allah is sure that very soon a Sun, a Shams, will rise from the ruins and the rubbles of disaster this country is going to meet in coming couple of years to shine the darkness of hell. The trident of Satan in the sub continent in the field of Islam Tabligh, Jamaat and self-styled, Shaikhul Hadiths, Muftis, Khateebis and Allama's of Bangladesh, India and Pakistan will be broken in the hands of new risers at the first instance, and then break the dividers of sects, Shiyah and Sunni, Mazhabs, Hanafi, Shafiyee, Malki, Hambali and Ahle Hadith, that would lead to the most fundamental correction of Mohamedanism to make us Muslims from Shirk. Then only there will be, Insha Allah, the bearers of real testimonies of the Tourah, the Bible and the Palms of David in the form of the Quran under the Imamah of Mahdi to qualify and challenge Satan's real trident, Mohammendanism, Christian Trinity and Jewish imposture, and finally Allah will send His Roohullah Eisa to join Mahdi and break the Cross by his own hands to unify the entire mankind under one faith, one practice and one law, and the world community shall emerge into a joint family. This means Tawheed, La Ilaha Illallah. There cannot be Muslim Ummah who believe and say only, La Illah Illallah, Moosa Rasoolullah, they are a cult, another say, La Ilaha Illallah, Eisa Rasoolullah, they are a cult, another say, La Ilaha Illallah, Eisa Rasoolullah, they are a community and another say La Ilaha Illallah Muhammadur Rasoolullah and they are also a cult in the name of Islam. Such Kalimas are the father and mother of the Shirk, which is the greatest sin that Allah never forgives.

Mahdi and Eisa's emergence will be to say and establish, "La Ilaha Illallah, Ibrahim, Moosa, Eisa and Mohammad are the Rasools of Allah, we are their followers only, and we make no distinction among them". The Sun of this revolution shall rise from our eastern hemisphere with the shining letters of inscription on the screen of the horizon. "Allah has given you the law of His Religion, which He willed for Nooh, exactly what He revealed to you and enjoined on Ibrahim, Moosa and Eisa. To all of them the Message of Allah was. "Establish the Religion to unite the mankind under one creed and kind, and never make any division". This call is absolutely natural for general majority people to accept, but very difficult for Mushriks. Allah selects for Him those who want Him, and guides those to Him, who turn to Him." (Sura - Shoora, Verse - 13). The bearers of this banner are the leaders of the future world, and the followers of this inscription are the

Ummah of Islam. Dissidents of this clear and unequivocal message who claim and call that they are the followers of the religion, of Moses, religion of Jesus and the religion of Muhammed, are Mushrikeen and Kuffar. Because the Prophets of Allah had no different religions, as there is only one Religion of Allah. Islam is the only religion of Allah. Whoever claims of any other religion, they have nothing of the Faith of Allah, the Lord of the Worlds. The terms of ummatu Moosa, ummatu Eisa and ummatu Muhammad are misnomer and wrong. There is only one ummah, the Ummah of Islam. The followers of different Prophets are the parts of that Ummah, not independent ummahs at all. Satan has made these divisions by his agents in the ranks of the followers of different Prophets to make mankind ummahs in place of one united indivisible Ummah

America and its allies are now the Khalifah of Satan on earth. The Islamic Nuclear Bomb that the Satan and his Khalifahs are scared of is not at all an atomic bomb. Because there are thousands of such bombs, now in the world and it is not that difficult anymore to have one. The real Islamic bomb is the explosion and the detonation of the revolutionary movement of Mahdi and Eisa Alaihis Salam which is knocking at the door. The fight of the satanic materialists of Christo-Jewish alliance throughout the world against the fundamentalism and fundamentalists is the last attempt of satanic forces to thwart the deluge against them. The last deluge after the first deluge of Noah against the progenies of Satan is not starting because the Muslim are a misnomer how, as they are Muhamedans like Jews and Christians. Once the movement of Islam of the Fitrat of Allah begins at any corner of the world, it will rise like the sun as "Shamsul Haq and Shamsul Alam" (the sun of truth and the sun of the world) and would be more devastating and catastrophic than hundreds and thousands detonations of atomic devices against the Tagoot of the world and its followers. I see it so clear and certain as I see myself and you in my front, and it is so near like Allah said in the Qurán 'They see the Day indeed as a far-off, but We see it quite near'. (Al Maárij - 7). Now, do you want to be the fortunate to be among the basic uranium to be enriched and atomised for the Islami bomb of Allah that will make the heaven and the earth one? Allah has blessed me with the technology, and trained me for at least 22 years from Mecca to Dacca. Al Hamdu Lillah, I am writing these most sensitive lines to abide by the order of Allah as He ordered Muhammad(s) and his true followers "Rehearse and proclaim the Bounty of your Master". Ad Dhuha - 11.

- 99) The Islamic bomb of Allah to destroy and eliminate the Taghoot, the Satan, and his rule and the role in this world is to be made and launched on three modular parts, one is the command module, and the two are delivery modules. Our journey to this earth from heaven and our return voyage from this temporary worldly life to heaven are also controlled by a command module of the Kursy or the Ársh of Allah. So, the final movement of Khilafah also shall have three points, three modular points with precision. These are :-

- 1) Faith in Allah that He has no partner. He is the Sovereign. All Prophets are equally only ideals to follow without any distinction, and the last Prophet (s) is not the reason for the creation of the earth, heaven and the Universe, nor is

Jesus the son of God. Prophets are the ideals because the revelation used to guide them. No companion or Sahabi, nor a Disciple or Hawari of Prophets are to be followed as examples by the believers of the revealed faith. The Qurán is the final and the preserved Book of Allah and the common things available in the Taurah and the Bible are the parts of the final Book. There are no chosen people or race without adherence to the revealed Scripture. The followers of Islam are neither Shiyah nor Sunni, as the last Prophet (s) was neither. All Mazhabs are only one as the leaders of those schools did not make them different Mazhabs. The Qurán is the touch-stone to accept or reject the Traditions and the opinions of commentators. There must not be any sort of compromise with that, which smells partnership and shirk with Allah. Tawheed and the unflinching adherence to Tawheed is the lone command module to lead our faith and mission in this world with the Qurán as the guide book in all circumstances to survive or perish. All attempts must be taken to contact the people of other faiths on the clear basis of Tawheed and Risalah to bring them back to the only faith on which all mankind is created originally. The traders of divisions in the mankind on the basis of religion, the Moulvis of Islam, Fathers of Christianity and the Rabbies of Judaism to be minused in the attempt of unification, because they are the dividing walls of mankind.

- i) Marriage and divorce be made easy and simple like the flow and the fall of water. Any obstruction in the fall and the spring of water contaminates and pollutes the source and the collection of water, the life fluid of our bodily existence. Likewise, Allah has made the sexual urge and intercourse of men and women, the life cycle of mankind, and paved this behaviour as easy as nature. Any complication and restriction in this way, compels mankind to be derailed and perverted. After Shirk, Satan the avowed enemy of mankind targeted our sexual behaviour. Allah made it completely free within the bonds of His simple discipline of Shariyáh to ascertain piety among couples, and maintain genetic purity. But Satan stood in the way of Halal sex and made it complicated, and on the other hand, he opened Haram ways and permissiveness in sexual behaviour destroying the family bonds of mankind. As a result, the mankind has been pushed to the worst end of sexual anarchy, and, sodomy, lesbianism, incest and gay has become the lawful practices in so-called developed countries threatening human society to the curse of deadly diseases like HIV and AIDS. Mankind who are more respectable than angels in their creation, have become worst than beasts in sexual behaviour, and involved in this anathema, but, of course with a sense of guilt. If the sexual discipline can be brought back again, and made easy and simple as ordained in Divine Law, and practised by our Prophets like Ibrahim, Ismail, Ishaq, Yeaqub, Dawood, Sulaiman and Muhammad, peace be upon all of them, then the younger generation of three hundred crores out of five hundred crores of world population, shall automatically come back to the divine behaviour. We must know that this 60% of young and middle agers of world population are the turning and

steering wheel of the human society. To free the necks and the hands of this generation, and the emerging youths from the vicious circle of Satan, we have no choice but to re-introduce the marriages of equal partnership and participation, marriages of gift and affidavit and the marriages of contract period, like the norms of acquiring and disposing the properties. When Satan and his agents have introduced "Live together" of unmarried couples, affidavit of male and female to become prostitutes and change of sex by surgical operations, and the state laws provide them with all protection of their so-called rights, then why not we, who believe in Allah and His Book, open the halal ways of those behaviours and practices of our Prophets? What the Prophets did in their days and what reforms they introduced in their respective societies? During Ibrahim's period, Nemruds had hundreds of captive women in their Harem, and while Ibrahim was on his way of Hijrat, his married wife Sara was abducted by another Nemrud and Allah has rescued Sara and saved her chastity by His sublime mercy and gave him another wife, Hagar in that way. The last Prophet of Allah found his society sunken in adultery; men and women were equally involved in it. Abu Jehl, Abu Lahb, Abbas and Abu Sufyeans mainly opposed the Prophet because he will stop the adultery which was their main game and fun. Abu Sufyeen fornicated Ziad and his so-called wife Hinda produced Muabia by her paramour, Abbas or by any of her known numerous paramours. Allah has introduced discipline in sexual behaviour of Arabs by His Prophet (s) and stopped the production of bastards in the society. But after the lapse of the Prophet's era, Satan again blocked the Halal sex and opened Haram sex for his ummah, and nearly closed the door of sexual contentment for pious section of human society. As an example, the permissive upper class people are enjoying their sinful lust in Sonargaon and Sheraton hotels, in clubs and Bars, and in Gulshan Banani, and the poorest ruffians in their dens and Bastis to breed the criminals of two extreme classes in Bangladesh. On the other hand, Shamsul Alam and the likes cannot enjoy their God gifted life because of Satan's law and the fear of Allah and their percentage of population is shrinking in the society. Such is the statistic in the whole world that the progeny of Satan are multiplying and the progeny of the God fearing people are on decline and decay, which destroyed the social balance. To counter this Satanic monopoly in the human society of the world, we must declare that the adults, male and female, of the followers of Divine Faith shall have all the freedom of sexual contentment as preached and practised by the Prophets of Allah, the laws of Satanic governments would be scrapped as null and void throughout the world Men and women shall have the unhindered rights to exercise all the three kinds of married sexual lives. This will have an earthquake like effect in the 60% young and middle aged population of the world, who are the life generator of human society. Syeduna Eisa Ibn Maryeam was withdrawn by Allah as bachelor. He will re-emerge and join with Imam Al Mahdi to legalise all Halals that Satan and his khalifahs made illegal, and forbid all Harams that were made legal by the satanic authorities. In that sweep, the re-introduction of free divine marriages will be the major one. In

Muslim society like ours Mollah's are running a government within the government. Their area of influence is mainly marriages, divorce and family rituals. These so-called ulamas in their Mosques, Madrasahs and Khanqahs do nasty things like sodomy and other perverted acts. This dirty phenomenon is rampant in religious institutions of India, Pakistan, Arab world and Central Asian countries as a chronic vice. While in Mecca I came to know this sad thing from a highly study group who tries to cleanse the Islamic institutions from that curse. The Christian Churches and Jewish Synagogues are also infested alike by that disease. Our main land India is the ancient home, rather the paradise of Satan's divine sex. India and Indian gurus attract the foreigners to India mainly by the gay and galore of cheap and easy sex. Our Bangladeshi culture is menacingly under the sexual domain of India. The only panacea to save Bangladesh from the savaging wrath of surrounding Indian culture and the future havoc of AIDS is to introduce simple and easy sexual behaviour of divine marriages of Islam as practised by the Prophets as the example for us. Once this blessed way of divine sexual contentment is made a charter of worldwide movement, the majority stream of human society, men and women, would automatically be one with the move, leaving the vicious circles of their respective religious cliques, thus breaking Satan's main instinct instrument to make the progeny of Adam Devil like him. After cleansing the Faith from Satanic Shirk, the cleaning of sexual behaviour of mankind from satanic sex, the 66% influence of Satan will be wiped out from human society, Insha Allah.

- ii) The remaining third of Satan's machination in the world is the economic and financial corruption. Allah made the finance and monetary dealing of believing mankind a completely individual and personal account with Allah. Every individual person is only answerable to Allah. He is bound by faith to answer to Allah on the Day of Judgment, how he has earned the wealth, why he has earned it and how he has spent it. He possesses money as a trust deposit of Master to His slave for contingency spending according to the directives of his All-knowing and Omnipresent Master Whenever any amount comes to him, he has to deposit 1/5 of it to the account of the imam of Khilafah. The rest 4/5 will remain with him to be spent by him, and that too, to be spent in the way of pleasure of Allah, be it for his personal, family or social welfare. He is sternly advised not to accumulate wealth in his hand. He is only allowed to maintain a working capital, for which he has to pay 2.5% per year to the fund of Imam. Any intentional irregularity in this financial dealing will destroy his all Ámalus Swalihah in this life, and would make him liable to severe punishment in other world. Those who do not believe in this divine system of life, would be allowed to live in the society of believers with all rights and liberty by only paying a lieu sum to the state fund, which called in Arabic Jizyeh. This is neither a punitive nor a slavery tax; rather this is purely a participatory contribution as a fellow citizen. This financial behaviour makes the citizens of the country absolutely free, that the governmental

authority of the country or the state cannot question any citizen in this regards. This will bring an end to the slavery of so-called modern men who are now nothing more and nothing less than a tax slaves. In the Devine Law of Islam there is no room for custom duly, levy, VAT etc, and imposing any control and restriction on the movement of commodities, in or out. With only exception that if any foreign country imposes any percentage of duty in the way of entry of our goods to their country, in that case, we can, if feel imperative, impose the same percentage on the way of their goods to enter into our market. But if that can too be avoided, then it is the best. Such is the concept of Free and Market economy in Islam. If any government introduces state control on the free economy by imposing taxes, customs, VAT etc., then the government loses the credibility of its people's obedience, and they can revolt against the government to overthrow it. The Divine Concept of State Authority is to provide the individuals with all freedom of practices so that he or she can discharge his or her duty freely to be answerable to Allah on the Day of Judgment, and the State belongs to the people and the people belong to Allah, not the people belong to state and the state belongs to Satan, as the governments of the fragmented world are now. Satan and the satanic governments of the world made the masses faithless in God, perverted in sex and corrupt and dishonest in money matter to destroy the family fabric of mankind, and as a result, men have become tax slaves and women sex slaves. The term of Bazar Economy is the final satanic trap against humanism. In fact, Satan wants behind this slogan to make the entire globe free market of all satanic vices, like free sex, abortion, spread of AIDS and destruction of family bondages, so that the progeny of Adam becomes worst than Satan himself, as he said he would drive them to, by all means, at the very hour of creation of mankind. By the grace of Allah, this last attempt of Satan will be the beginning of end of Satan's diabolism from this earth very soon by the emergence of world's Miracle Leadership, whom the Jews expect as Messiah, Christian as resurrected Jesus and Muslim as Mahdi. In this hour of transition, we can fire the rocket of global revolution from Bangladesh. And Bangladesh has got no other alternative but switch to 100% Islam or perish. Bangladesh is surrounded by India which produces an egg at 80 Taka, whereas Bangladesh produces the same at Taka 1.80. The cost of living in Bangladesh is at least 80% high than India. Then how can Bangladesh survive competing India and rest of the developed world? The only answer is "By becoming 100% Muslim" Because a Muslim needs 1/7 to subsist against a non Muslim, as the last Prophet(s) said and proved by his practice, and he succeeded in raising a group of people who were of no comparison to Roman and Persian empire, but won and subdued both super powers of the By exploding an Islamic revolution, Bangladesh can switch to a life of Ideal "Plain Living and High Thinking" Then only the cost of production, cost of living, cost of development and cost of urbanization will come down to a viable point. But to lead this poorest and backward nation to that sublime destination, we need a true copy of Ibrahim and Muhammad, and a group of their followers like Abu bakr, Ali, Umar, Abu

Dhar and Umar Ibn Abdul Aziz. This poor is ready with all his life and property. Are you too? Do you have more of the kind? If the reply is in affirmative, let us hold the Quran and sell ourselves to Allah in Byat and raise the call, the Adhan of Ibrahim, to establish the Swalat of Muhammad without losing a further day. The existing Swalat of Jamate Tabligh, Jamaate Islami and Khateebes, Shaikhul Hadiths and Peers shall never salvage the nation. They are the malignant growth in the body of Islam. Abul Hasan Ali Nadvis of India and Muhiuddins of our country are also infested in the same way. Now the first thing we are to do is to establish a man-making centre with precision machine and mechanism, in other words, we are to build a sophisticated nuclear reactor of Idealism and collect fresh raw human uranium to produce our Islami Bomb. Our purpose will not be served by recycling other's wastes. In your letter, you have stressed about the exigent need of "State Craft" fully equipped with Science, Technology, Philosophy, Physics etc. Taking Allah present, this poor very humbly expresses his conviction that the pillars and the detail infrastructure given in this reply, if conceived, understood and put into practice, Insha Allah al Azeez, not only the Statecraft will be under your command, but the "Imamah craft" of this world, Spacecraft of heaven and Meraj Craft also will be put under your desposal as the legacy from Allah, The Lord of the universe. Now come and say "Bismillah" and start calling:-

1. "In the name of Allah the Lord of the Worlds, we declare that there is no Lord but Allah, Who has no partner or son. Muhammad is a Prophet of Allah like Nooh, Ibrahim, Moosa and Eisa. But Muhammad is the last. We make no distinction between one and another. We are only Muslims like Ibrahim, Moosa, Eisa and Muhammad, not Mohammedans like Christians and Jews. Because Muhammad was not a Mohammedan, Jesus was not a Christian and Moosa and Ibrahim were not Jews. O the followers of Ibrahim, Moosa, Eisa and Muhammad, come and join us to make the world one, under the Lordship of Allah. There is no prejudice of race and colour there is no bonded men and women in our faith, all are from Adam, Adam is from dust, we all are brothers in this Faith. O the people of India, the believers in Sanatan faith of Krishna, Mohavira and Nirvana of Buddha, join us to build the world of one family under the unity of one Allah. There is no caste prejudices in the Sanatan faith. We stand for equality of men, irrespective of caste and colour. In our faith, there is no scope for Maharajas and Shahenshahs. Our Ibrahim, Moosa, Eisa and Muhammad were not Kings. They faught Kings, Nemrud, Pharaos and the alikes for equality of mankind. Shahenshahs and Maharajas do not build Mosques and Mandirs for the worship of Allah. They built those for their worship under the imposture. Shahenshas, who built Taj Mahal, Shish Mahal, Qutub Minar and Shahi Mosques were not the followers of Muhammad and Brahma or Ibrahim, so Mughal and Pathan despots were none of us, and we are too none of them. Let us make India, the main land of earliest human habitation by the fall of Adam from the Heaven, the pioneer of final human unity on the firm basis of "Sanatan" faith, the Deenul Qyyemah."

2. Allah has created us man and woman, and it is Allah who has adorned men and women with divine sexual built-in attraction to each other as the progeny cycle. He made the divine marriage system easy, simple and free, like the flow of His Kind nature to produce pure and pious generation to obey and worship Him. But Satan has made the natural marriage system complicated to divert mankind from Divine to devil. Let us make the Divine Marriage system again on its origin, easy to cleanse the world from the dirt of illegitimacy, and restore and strengthen the family bondage to turn this earth into a heaven on earth as a preparation for the ultimate Heaven, and to expel and eradicate Satan and his diabolism from this earth. Satan made and paved the ways of sexual anarchy that led to the shameful homosexual Marriage in the so-called educated, civilized and developed Europe and America, and then they were cursed by Allah with deadly menace of AIDS and then Satan has again targeted the poorer but thickly populated countries like India and Bangladesh to be the hell of that disease. To save the humanity, let us rise unitedly like one family under the blessings of Allah and His Divine Faith to stop further escalation of curses like that, and establish an example of Divine Society of Divine family ties and fraternal relations to reciprocate the western civilization that destroyed their family life and exporting that menace to us through their electronic media, by contributing them with the blessings of Islamic and Eastern traditional family life. On the other hand, we will reorganise our homes as the basic institution of our values for our children. To purify our society from sexual crimes and maintain that purity, we will bring radical changes to make marriage and divorce easiest, and adultery difficult most, by introducing usual marriage, marriage by gift and affidavit and the contract marriage for both man and woman, as Allah has made it so in the Qurán and the last Prophet said "Make marriage easy, adultery will become difficult, and make marriage easy, adultery will become difficult, and make marriage difficult, adultery will become easy". Satans' gate of entry into the life of man and woman is through the discontentment of husband and wife in their sexual life.

Complication in the way of marriage and divorce only widens the gap, and opens the doors to illegal sex, while the easy marriage and divorce narrows the possibility. But in all cases the strict law of Allah will guard the misuses of the ease by sides, man or woman.

3. The third of the final split of your Rocket Craft to launch the Islamic revolution is the economic order. You are to tell the people that they will be absolutely free to earn, own and spend the wealth as a direct representative of Allah. They must be educated and made fully aware, that every body of them is a Khalifah of Allah on the earth. Those who obey Allah, they are the obedient servants of Allah whom Allah sent in this earth as His Khalifah. And those who disobey Allah, they are also Allah's Khalifah, but rebellious. The obedient citizens of the Islamic society will pay Zakat and Khums of their wealth to their Imam's fund, the Baitul Mal, by their own

account and audit. They must not do any mistake intentionally in this assessment and payment. Because any intentional wrong in this matter completely annuls our Iman, Amalus Swalihah, Swalat, Swam, Hajj and everything. A believer is an Ameen, an Amanatdar of Allah's Trust. Allah is All-knowing. The moment a man or woman betrays that Trust, he or she instantly snaps his or her relation with Allah and becomes a Kafir. So the Islamic Khilafat is meant to make the citizens trustworthy in all walks of life. The last Prophet of Islam strictly advised the officials of Baitul mal not to enquire about the assessment at all. Hadhrat Ali re-asserted that during his Khilafah. The trust of the State on its citizens makes both the state and the citizen trusted to each other, and the trustlessness also works in the same way. So, when the people will pay their Zakat and Khums, there shall be no dogs of taxes to hunt the people door to door, and watch and search the pockets of people. The existing tax system is absolutely a system of Satan to corrupt both the people and the Government. In this satanic tax and custom system, the theory of exploitation of the people by taxes and levies gradually strangulate the people, and the people try to evade by all corrupt means. That is why the Religion of Allah and His Shariyah forbids all taxes, customs, passport, visa that curb human liberty and free movement. These restrictions are the worst kind of Haram in Islam and unpardonable crime against the (عباد الله) The slaves of only Allah whom He created free from the wombs of their mothers. There will be no Tax and Customs on people other than Zakat and Khums and the lieu money on non believers, in Islamic State. Allah has sent mankind in this earth to be his trusted Khalifah, vanguard of Haqqullah and Huqqul Ibad, and to be the followers of Divine and revealed leadership of Prophets, and the Imams of that criterion, but Satan and his agent statecraft have enslaved the mankind by their all kinds of taxes and duties, to keep them grueling under the torture and threats of Tax collectors, watchdogs of custom intelligence etc., so that they do not get time to think about their main mission for which they have been sent to this world. The Statecraft of Islam has given utmost priority to rural development and discourages city life and city development. Because the Fitrah or the nature reflects more in villages, and the rural economy and its development make the people naturally integrated with their fellow being that develops the social values, family bondage and love for nature and its Lord Allah. Whereas the city and in its life make men more machine than human. Cities are mainly formed by despots and their ruling cliques and sycophants, and deserters from rural areas. Later when cities become centre of business and trades, then cross section of people start arriving in, and settle there. But the city dwellers and their infrastructure is mainly of consumers economy. While the rural life and its infrastructure is positively of that of growers and producers. As the city dwellers are from different places, races, castes and communities, they do not have common bondages of social, moral and ethical solidarity among themselves. That makes cities like malignancy keeps on eating and consuming the life potentials of the rest of the body, making it so sick that it exists only to produce and supply the essentials of city and its dwellers. Cities breed and promote new crimes and curses and also

trade and transfer them to the rural life by their media. So we find in Divine Books, mainly in the Qurán in details that Allah has destroyed innumerable cities with entire population that none survived to tell their story also. Now we are on the brink of another world wide disaster. So, we declare to put our this generation on the path of Divine Salvation by text book operation of the Divine Book, and our target of development is to ruralise the urban, not to urbanise the rural, and purge the Satanic metropolitanism to be at par with rural areas and population in all respect, and of course, the only model of our ruralisation of urban is the ruralisation of Mecca like Madina by the last Prophet of Allah, who re-played the role of Ibrahim who ruralised Babylonia by Jerusalem. (Please note that Babylonia means the city of sins and debauchery. Mecca was like that, and Dacca is no exception now like all other cities of the world).

An apologetic submission

My dear brother, as an apothegm or a maxim, I say that I did not write this reply as a piece of literature, I do not know language. I did not, rather could not follow language, but tried to make the language follow my expression. So I would appeal to you, "read my expression, not language". It is my unchangeable belief and conviction that the truth is cosmic and the falsehoods are cosmetic. So the knowledge and the learning of truth is obviously cosmic which leads a man and his followers to the certain end of the Truth of Allah, Who is the only The Truth. And the knowledge and the study of falsehood is cosmetic, which leads all its teachers and students to the blind end of cosmetic falsehood of Satan, which is the source and origin of all assumptive knowledge of our schools, colleges, Madrasahs and University learnings. To me the learning of Revealed Books are of cosmic truth, and the Qurán is the true copy of the Knowledge of Allah, the original one is lying preserved in the Lawhi Mahfooz, inscribed in a Tablet Preserved, which is the Mother of all the Books. The knowledge you, and others like you, are educated with, and the books you read and have written are nothing but fabrications and re-fabrications of cosmetic assumptive knowledge of Satan and his Taghoot disciples of Bani Adam, to mislead the mankind from the divine knowledge of their father Adam. Allah taught Adam His knowledge, perhaps, verbally, and sent finally Muhammad (s), with that Knowledge in book form of the Qurán. Muhammad accepted it in text and meaning. He was provided with spacecraft to go to Meraj to see for himself the reality of the revealed cosmic knowledge and inspiration, and back on the world, he got your Statecraft to establish the model in Medinah, and then left.

After his departure, Abu Bakr and Umar tried that model as an experiment. The successes and the failures are their's, nothing ours. Now you and I have the model in the Prophet and the book in the Qurán. If we hold the Qurán in text and meaning, and start operation, the ever grand future and the success is ours. If not, others will come in. In your

Bangladesh, the cursed twin wax statues of Satan's cosmeticism Khaleda and Hasina are the last warning for us to rise for heaven or to be raised and buried under the ground. In materialistic terms also nothing of actual of politics, democracy, bureaucracy and aristocracy have remaind. All of your actuals have been replaced by two sexuals, Khaleda and Hasina, the rope of Satan to draw this nation to the Jahannam of this world and of that world. If you do not rise now, Satan will make your last service, Janaza, by Jamaati politics and Tabilighy Ijtema. I beg Allah's refuge from that end. Ameen.

I have written and conveying 99 points Allah has spelled me to write by my hand. I am very weak in spelling and language. I am not sure whether I have been able to communicate my ideas, if you find it at all worthy, you may please print it by typing and provide me with a copy. If you find your dream and mine in it, then we are one in different bodies. I shall wait to know the 100th point from you, from your mouth, to make Allah our witness.

Praying for you as I do pray for myself,
The humble slave of Allah,
